Browning Will Tell His Story

Will Go On Stand In Separation Case On Next Monday

MORE "DIRT" WILL BE MADE PUBLIC

BY JAMES L. KILGALLEN
International News Service Staff Correspondent

NEW YORK, Jan. 27.—Although it seems unbelievable, all the "dirt" in the Daddy-Peaches trial hasn't been told yet.

Not to be outdone by Peaches, "Daddy" Browning, the big gander man himself, is going on the witness stand next week when the Browning separation case is resumed at White Plains, and he promises to tell "plenty." In the words of one of his lawyers, "he's going to put the shoe on the other foot"—meaning that all kinds of dirt is to be slung at the buxom Peaches.

"Low Down" Testimony.

There are many who think the nation might well be spared the low down on peaches—and, if Daddy's testimony lives up to advance notices it certainly will be low enough. The New York Society for the prevention of vice, for one, wants to clamp the lid down on the whole show. They have registered a protest to the judge, but it hasn't done any good.

Peaches' alleged love affairs with boys before she married the baggy-eyed millionaire is to be the main target of Daddy. Also, Daddy's attorneys will put witnesses on the stand, it is hinted, who will try to show that Peaches wasn't a good girl when she married Browning although Peaches herself shouted from the stand yesterday that she was.

Goose To Share Publicity.

BELOW ZERO IN NEW YORK

Coldest Day Of Winter Is Recorded In Great Metropolis

(International News Service)

NEW YORK, Jan. 27.—Zero and sub-zero temperatures, sweeping eastward from the frozen Middle West on the wings of a strong northwest wind, today treated New York and other parts of northern and eastern United States to the coldest weather of the winter.

Early today the thermometer registered two degrees below zero in New York. This represented a drop of 36 degrees in as many hours. But the local weather bureau promised a steadily rising thermometer later today, and predicted that by tomorrow the record cold snap would be definitely broken.

The cold wave was broad in its sweep, taking in a large section of the United States. Saranac Lake, N. Y., reported 20 degrees below zero and other points upstate reported as low as 30 degrees below.

Minnesota appeared to be the coldest state in the Union today, the city of Brainerd reporting a temperature of 39 degrees below zero. Cities and towns throughout the Middle West shivered in temperatures ranging from zero to many degrees below. New England was likewise frozen up.

The biting cold drove the usual army of unemployed to charitable institutions and free lodging houses for protection.

Veteran Of War Was Found Dead In Bessemer Home

Indications Are That Pneumonia Caused Death Of Velton McMillin; Wife Missing

Velton McMillin, aged 30, a colored man of Bessemer, was found lying dead on the floor of his home this morning. Discovery of the body was made by a newsboy, who notified Chief of Police Shoup, who in turn called Coroner J. P. Caldwell. Investigation indicated that McMillin's death had been caused by pneumonia.

McMillin's wife left some time ago, since which time he has been living alone in a small building near the Metropolitan Brick Company's plant. He was employed by the brick company. McMillin was a World War veteran and quite well known in Bessemer.

An effort is being made to locate his wife, but at this writing she had not been found. Announcement of funeral later.

Special Grand Jury Reports On Election Probe

Recommends Indictment Of 31 Persons For Alleged Pittsburgh Frauds

ELECTION BOARDS ARE INCLUDED

Name Of Alderman In Pittsburgh Is Also Included In List

(International News Service)

PITTSBURGH, Jan. 27.—Thirty-one persons were recommended for Indictment by the special grand jury in its presentment today to president Judge John A. Evans in criminal court of findings in a two weeks' investigation into alleged frauds in Allegheny county at the recent general election.

Among those recommended for indictment were thirty members of the election board of the Second ward, Homestead, and the Third and Fourth wards, Pittsburgh, and also Alderman John Carr of the Fourth ward, Pittsburgh.

Recommend Changes

The grand jury report also recommended several changes in the election laws of the state. They asked that legislation be introduced to provide a central place for storing ballot boxes as the present method of caring for them, they held, is a handicap to investigations. The report also asked a law to provide a constant check on fraud in that the court be empowered to call in a certain percentage of boxes after each election and recount the ballots.

The grand jury was excused after it presented the report, and ordered to reconvene next Tuesday to act upon its own recommendations. Witnesses will be called then to determine if there is enough evidence to warrant returning indictments.

Those recommended for indictment were:

Hotel Clerk Is Slain In Holdup

Two Men Wounded, Woman Guest Jumps From Window, Is Severely Hurt

ROBBERY OCCURS IN NEW YORK CITY

(International News Service)

NEW YORK, Jan. 27.—Joseph Lipschitz, 24, a clerk at the Hotel Charles, was shot and killed early today by two bandits who invaded the hotel.

Harold Perlmutter, an assistant clerk, and James Montfore, a guest, were wounded but will recover. They attempted to grapple with the bandits.

One hundred guests in the hotel were awakened by the shooting and rushed out of their rooms in terror. One woman, Adele Strauss, who was standing in the lobby, became hysterical and jumped out of a window of the reception room. She suffered internal injuries, brain concussion and shock that may cause her death, physicians said.

The two bandits escaped in an automobile with a third confederate. They secured only $200 in loot.

A general alarm to policemen was sent out, and scores of detectives were searching for the bandits.

Discount Rumors Fisher To Give Woods State Post

(International News Service)

HARRISBURG, Pa., Jan. 27.—Friends of Cyrus E. Woods, of Greensburg, today discounted rumors current on "Capitol Hill" that the Fisher administration would give the former ambassador to Japan a state post as "vindication" for his rejection by the senate as a member of the Interstate Commerce Commission.

Woods' friends said he was not interested in such appointment, and the governor's office denied unofficially that Woods will be named to the state Public Service Commission.

DISCUSS REPLACING OF RUINED BUILDING

Dr. W. Charles Wallace, president of Westminster College, and Attorney James A. Chambers, of the board of trustees of the college, went to Pittsburgh today, to attend a meeting of the prudential committee of the board, being held this afternoon at the Monongahela Bank building.

The matter of replacing "Old Main" destroyed by fire on Monday, is being considered and a plan of procedure will be agreed upon.

Reports from New Wilmington indicate that the fire ruins are still smoldering and that so far no effort has been made to find out what has been saved in the safes and steel files in the ruins.

SPEAKER PLANS TO RETURN TO GAME AGAIN

(International News Service)

CLEVELAND, O., Jan. 27.—"I am tickled to death at the outcome and at the prospect of going back into baseball again" declared Tris Speaker here today when informed by International News Service that Judge Landis had absolved him of charges of having participated in a plan to "throw" a baseball game.

"I cannot make a statement as to my future plans at this time as I have arrived at no definite procedure yet. However I expect to play baseball next season.

William H. Boyd. Speaker's attorney was equally jubilant over the decision and declared: "I made a thorough investigation from every angle of the charges against Speaker and found that he was innocent of any wrong doing.

British Troops Arrive

SHANGHAI, Jan. 27. — Four hundred and thirty-three Punjabi troops, the first contingent of the 16,000 to 20,000 British troops which Britain is sending to China, arrived today from Hong Kong aboard the S. S. Glenoble.

Except for the legation guard maintained at Peking and Tientsin since the Boxer rebellion, these were the first British troops to be landed in China since the Boxer uprising.

A message from Calcutta announced that the second battalion of the Durham light infantry sailed from there today for Shanghai.

Argyle R. Smith, Norwood avenue, left Wednesday evening for New York, and will sail Friday for a three months tour of Europe.

Bills For So-Called Open Sunday Will Have Hard Sledding

By ROBERT F. GORMAN
International News Service Staff Correspondent

HARRISBURG, Pa., Jan. 27.—Bills already presented to the legislature of Pennsylvania, providing for the so-called open or partially open Sunday, will not have easy roads to travel during the present session, it was generally conceded here today.

Already a half dozen such measures have made their appearance and these will not constitute the entire collection for the session. Several additional ones are being prepared and will come later. Those already in committee provide for most anything from a repeal of a section of the fish laws prohibiting Sunday fishing, to one which provides for a commission to study the blue laws of 1794 and report its findings to the 1929 legislature.

Many Efforts on Same Line

During many sessions in the past efforts have been made in one way or another to drop some section of the blue laws, but in this direction practically nothing has been accomplished.

Ten years ago a plan to drop a wedge into the old laws was undertaken in the House when a bill was introduced permitting Sunday concerts in theaters, and the Philadelphia Symphony orchestra was brought here by proponents of the measure on the day fixed for a House committee hearing. Even the concert given on that occasion

"Goose" Proves Poor Witness For Browning

(International News Service)

NEW YORK, Jan. 27.—The Goose who was entertained by Edward W. Browning, eccentric millionaire, during his honeymoon with "Peaches" Heenan Browning, declined to be interviewed today at his residence in Staten Island.

When questioned pointblank in regards to the Browning excursion, the Gander showed unmistakable signs of goose-flesh—but it might have been due to the extreme cold.

Its owner, John H. Greaves, explained it was an African Goose, leader of a flock of six aristocratic geese. It has no name other than its reputation in history.

Browning borrowed the goose on a Saturday and brought it back the next Monday, Greaves asserted. If it received any diamonds as presents it swallowed them, it was said.

Six Killed; Fifteen Hurt In Explosion At Basketball Game

Unusual Catastrophe Occurs At Turner, Idaho, During Basketball Game

Part Of Building Collapses As Panic-Stricken Crowd Rushes Exits

(International News Service)

TURNER, Idaho, Jan. 27.—Six persons were dead here today and 15 others were seriously injured as the result of a gas explosion which wrecked a hall in which the basketball teams of Turner and Central, Idaho, were playing last night.

As about 300 persons from the two communities were watching the game, the acetylene gas lighting system failed. James McCann, the janitor, left to investigate. While he was gone someone struck a match.

A deafening roar followed. The back wall of the building collapsed, showering timbers and plaster on the spectators.

Rush for Exits

Panic-stricken, the occupants of the building made a rush for the front exit, a milling mass of humanity. As they struggled around the exit the front wall of the building also collapsed.

McCann's body was blown to pieces by the force of the explosion. The other dead, it is thought, were trampled to death.

Several of the dead were found near the front exit of the hall.

Two of the basketball players were killed. They were Elmer Anderson and Iral Lowe of the Central team.

Two small sons of James McCann were also killed.

Brigham McCann, a Turner rancher, was the sixth victim.

Immediately after the explosion an emergency hospital was established in a school building here, and help was requested from Grace, Idaho, about 22 miles southeast of Pocatello.

Suggests County As Assessment Unit For Taxes

(International News Service)

HARRISBURG, Pa., Jan. 27.—The county as the unit for realty assessment and tax collection was being discussed here today at the annual meeting of the state Chamber of Commerce. The state organization is conducting a referendum vote among its members on this question. The vote is expected to be completed by Feb. 15.

Dr. Leonard P. Fox of Harrisburg, secretary of the committee on local taxation, was to deliver an address this afternoon on the tax question.

The state organization declared that investigation shows 26 states now provide for a general assessment of property each year, nine states have biennial assessments, Pennsylavnia has triennial assesments and eight states have a general assessment every four years.

"Real estate values fluctuate so sharply that triennial assessments seem adequate to reflect the increases in values arising from other factors than improvement of the property itself," the statement read.

"It is found that our present assessment methods made possible the nomination and election of amateur assessors who are often unfit for their positions and abuse them. A locally elected assessor almost inevitably develops ties which make equitable assessments difficult.

"The proposed board of county assessors in Pennsylvania would, of course, have no power to fix the tax rate, merely certifying to present local taxing authorities the assessed valuations upon which their levies would be based."

Building Trades Council Elects New Officers

Warm Contest Occurs At Meeting Held On Wednesday Evening

NAME MORGAN AS BUSINESS AGENT

Meeting of the Building Trades council held last night at the Trades and Labor Assembly hall for the election of officers was one of the most intensely interesting meetings held in some time.

The interest in the election centered about the selection of a business agent of the council, T. J. McMichael, bricklayer, who has held the position for the past three years, being a candidate for re-election and T. L. Morgan, a bricklayer, being his opponent.

Morgan Is Elected.

T. L. Morgan was elected by the margin of one vote, the vote standing 11-10 in his favor. The selection of the business agent was hard fought and the votes of the delegates of the plumbers, plasterers and lathers, which were aligned with Morgan and numbered nine in all, were barred, it is reported on the ground that these organizations were not entitled to seats in the Building Trades Council for the reason that they had men working on non-union jobs and had refused to pull the men off.

The electricians, sheet metal workers and hod carriers headed the move against McMichael as business agent, claiming that they felt a change was needed and that there could be a settlement of the trouble at The Castleton, if there was a change. In fact the whole affair seemed to hinge about the trouble at that place.

Other officers elected by the Building Trades Council were:—Alva C. Glitch, Sheet Metal Workers, president; Murphy, Hod Carriers, vice-president; Klor Lyons, secretary and treasurer. R. C. Jones, who has been secretary and treasurer, declined to be a candidate for re-election.

T. L. Morgan, the new business agent, stated this morning that he had already started negotiations looking toward the settlement of the trouble at The Castleton and that he was very hopeful of an early adjustment of the difficulty at that place.

THREE DIE IN BUS CRASH

Police were called to the Minskey Home on Neshannock avenue, last night by the report that there was a man acting in a suspicious manner about the place. Officers Horner, Thompson and Criswell were detailed but were unable to locate the man.

SLIGHT ACCIDENT

N. J. Boak, 206 Sheridan avenue, reported to the police yesterday that he was driving east on Sycamore Way, when a car bearing Pennsylvania license 636-923 going south on Mercer street, ran into and damaged his machine.

Judge Landis Gives Decision In Scandal Case

Cobb And Speaker Are Restored To Good Standing On Teams

DECISION ALSO EXONERATES WOOD

Future Of Players To Be Affected By Decision Made Public Today

(International News Service)

CHICAGO, Jan. 27.—Ty Cobb and Tris Speaker today were exonerated by Commissioner K. M. Landis of any wrong doing in connection with charges brought by "Dutch" Leonard and were restored to eligibility in organized baseball and their names restored to the roster of the Detroit and Cleveland clubs.

The commissioner's decision also cleared Joe Wood, outfielder for Cleveland during 1919, and at present baseball coach at Yale University.

Wood was named by Leonard as one of the Indian players deeply interested in the alleged "fixing" of the game in question, played between Cleveland and Detroit on September 25, 1919.

Seek To Reduce Suffering In District Flooded By Ohio River

(International News Service)

CINCINNATI, O., Jan. 27.—Hindered by near-zero blasts from the north, and by a sheet of thin ice which covered inundated areas here today, relief workers were laboring frantically to reduce suffering in the flooded districts.

The Ohio river was standing at a stage of 58.95 feet this morning but was predicted by United States Weather Bureau Forecaster W. C. Devereaux that it would start receding not later than this afternoon.

Gas supply was still wanting in scores of the flooded houses, it was reported, and many persons left their homes early today to seek warmth about huge bonfires that have been built at points near the water's edge.

Slight but no material changes have been made in the schedules of many trains running into this city, including the fast through trains over the Louisville & Nashville to Florida, it was announced today.

The seasons come and the seasons go, summer and winter and spring, but to milady the calendar dates, are not an important thing. For though it is winter and icy blasts are doing their very worst, she prances out with a new spring hat, about February the first. Adversely when summer is here and its hot, in August or say in July, she gets a fur that will cover her neck, though the temperature is still high. Her stockings are silk when they ought to be wool, and her garments in winter are sheer, and you never can tell from the way that she garbs, just what is the season thats here. For milady is not to be dictated to, in the matter of weather or season, she wears what she likes, if its cold or its hot, and she gives me no logical reason. And would I belittle milady's array, well you know that I wouldn't, for say, I like her although she is garbed rather queer, the weather is 22 today.

Ben Franklin Pupils Present Unique Program

Literary And Musical Numbers Composed By Member Of Faculty

Assembly at the Benjamin Franklin junior high school today was unusual in that all of the productions including songs, piano solos and a short play in three acts were all composed by Miss Florence Schumaker of the English department.

The program was opened by a song by the school entitled "Alma Mater", both the words and music of which were composed by Miss Schumaker. Also the words and music of all selections of the program are the work of this talented young lady.

The program as presented was as follows:

BROWNING WILL TELL HIS STORY

(Continued from Page One)

the big gander man bought his bride after they were married will probably get a lot more publicity. This goose has unwittingly and happily has drawn a lot of attention from other and more odorous aspects of the case.

It was reported today that the one witness Peaches' side has yet to put on the stand will be a distinguished alienist who is said to have made a study of Daddy and reached the conclusion he is suffering from "mental fatigue."

Peaches herself was fatigued today, mentally and physically. "Until this trial is resumed Monday," she said, "I'm just going to sleep and sleep—I'm all tired out."

Her attorney, Henry Epstein, said Peaches proved she is a "plucky girl" and he's proud of her. "I should think by now everybody would realize that she is no gold digger," he said. "She told the truth on the stand."

The important feature of the dispute between Daddy and Peaches—the determination of how much money the millionaire real estate operator possesses and therefore how much money he may be expected to pay, if any—has been put off by consent of counsel for both sides until after the trial is concluded.

BILLS FOR SO-CALLED OPEN SUNDAY WILL HAVE HARD SLEDDING

(Continued From Page One)

failed to make a dent. The attempt to break the blue laws failed and the bill was killed. At each session since then and for many sessions prior bills were introduced to change the ancient acts and practically all met the one fate.

Much Opposition

The opposition forces, led by Dr. T. T. Mutchler of Philadelphia, general secretary of the Lord's Day Alliance of Pennsylvania, have proven themselves a mighty bulwark and have succeeded in holding the 1794 laws on the statute books.

Dr. Mutchler, through his quarter of a century of activity, has proven himself one of the most powerful lobbyists appearing here and as a rule finds himself in position to pull enough strings to permit open Sunday bills to get little farther than the committee to which they are referred.

Dr. Mutchler's organization keeps in close touch with Sunday school and church organizations throughout the state and whenever Sunday laws are in danger a word from him to these organizations usually does the trick. The folks "back home" meet the emergency with a bombardment of letters and telegrams and "grapevine" messages to members of the House and Senate and Dr. Mutchler's desired results accomplished.

It is difficult to believe here today that open Sunday bills now before the legislature can do more than meet the fate of those presented during other sessions. Predictions are even being made that the measure proposing a commission to study the blue laws will fail, along with others. Dr. Mutchler says it is only a screen to shield the real purpose, and he is already directing his guns on the enemy camp.

JUDGE LANDIS GIVES DECISION IN SCANDAL CASE

(Continued From Page One)

Detroit Tigers and Cleveland Indians, respectively, of participating in a betting coup hinging around an alleged "thrown game" between their respective teams in September, 1919.

"These players have not been found, or are they now guilty of 'throwing' a ball game. By no decent system of justice could such finding be made. Therefore they are not placed on the ineligible list."

Both Cobb and Speaker, Landis revealed, voluntarily withdrew from baseball instead of being forced out, as the public supposes, because they did not desire to have a hearing at which their accuser, Dutch Leonard, was absent.

Restored to Standing

"As they (Cobb and Speaker) desire to rescind their withdrawal from baseball, the releases which the Detroit and Cleveland clubs granted in the circumstances detailed above, are cancelled and the players' names restored to the reserve lists of their clubs", the decision read.

Both Cobb and Speaker were informed November 27 of last year by Judge Landis of Leonard's refusal to come to Chicago and personally confront them with his charges that they conspired September 25, 1919, to "throw" a ball game to Detroit, assuring that club of third place in the American League race when it was certain Cleveland would capture second place.

Leonard had charged that Cobb and Speaker had bet on that game and it was a letter written by Cobb which was first regarded as confirming charges of a frame-up, the judge's statement said in reviewing the background of the case of the two players.

Cobb and Speaker Appear.

"Cobb and Speaker," Landis' statement declared, "appeared on Nov. 27 (1926) and were informed of Leonard's attitude, whereupon they canvassed the whole situation with the commissioner and reached the conclusion that they would rather quit baseball than have a hearing at which their accuser was absent.

"Their reason was: The mere announcement of charges of this character, whatever the personality or the motive of the accuser, or the scarcity or even the absence of evidence to support the charges, would be harmful to the accused persons, experience having shown that a vindication by baseball authorities, based on a manifest insufficient or even a total failure of supporting proof, has been labeled a 'whitewash'.

"While they insisted they had no doubt of their ability to answer the charges, they were concerned over the possible effect it would have upon themselves and others to whom they were deeply interested.

"These considerations, as Cobb and Speaker represented them to me, brought about their desire to quit baseball despite their appreciation of the fact that such action might be misunderstood.

"Inasmuch, therefore, as Leonard's attendance could not be induced or enforced, the commissioner consented that the hearing be put off indefinitely and that it should end there unless conditions thereafter should necessitate a reopening of the case."

Judge Landis then pointed out how "gossip and rumor" got busy when Cobb and Speaker resigned.

"As usually transpires when these two kindly, sympathetic agencies are at work, they left in their wake a variety of progeny infinitely more harmful to the individuals concerned than the truth could possibly be," said the statement.

"Many press associations and scores of newspapers were persistently demanding the facts. Therefore, Cobb, Speaker and Wood were called to Chicago and the situation laid before them.

"They all realized that untrue, distorted and garbled accounts were being innuendoed and agreed that a hearing had become desirable, even with Leonard persisting in staying away. Accordingly a final effort was made to induce Leonard to attend, but again he refused.

"The hearing was held and the commissioner at once issued the record for publication, in accordance with his definite understanding with Cobb, speaker and Wood.

"This is the Cobb-Speaker case. These players have not been, nor are they now, found guilty of fixing a ball game."

Judge Landis' statement began as follows:

"Tyrus R. Cobb and Tris Speaker have asked that their baseball status be defined. This request is in contemplation of possible future service and is in accordance with the commissioner's statement of December 21, 1926, as follows:

"'These men being out of baseball, no decision will be made unless changed conditions in the future require it.'

"By resolution of Sept. 9, 1926, the American league directors requested that a hearing be held respecting allegations by Hubert Leonard of improper conduct by Cobb, Speaker, Joe Wood and Leonard in connection with the Detroit-Cleveland game of Sept. 25, 1919, and two letters to Leonard by Cobb and Wood relating thereto.

"Cobb, Speaker and Wood were available, but Leonard, a retired player, residing in California, declined to attend a hearing. Therefore his statement was taken in California and in substance was that this game had been 'fixed'.

"Cobb, Speaker and Wood branded this charge as false. A wager had been made, but they vigorously denied that the game had been fixed and they insisted upon an opportunity to face their accuser."

The statement then related how the meeting, scheduled for Nov. 29, was not held when Leonard refused to attend and Cobb and Speaker then told the judge they would rather quit baseball quietly than allow a hearing at which Leonard, their accuser, refused to attend.

Seven Families Made Homeless In Scranton Fires

Fifteen Persons Rescued By Firemen As Early Morning Fires Occur

(International News Service)

SCRANTON, Pa., Jan. 27.—Fifteen persons were saved in thrilling rescues by firemen and seven families were made homeless in subzero weather when fires destroyed four homes in North Scranton early today.

The first fire started in the home of George Mason and the building was soon burned to the ground. Mason, his wife and four children were rescued.

Whilethe fire was under way another broke out in the home of Charles Gluck about a mile away, destroying the building and two adjoining structures. Men women and children were rescued from the three dwellings.

Extremely cold weather handicapped the fire fighting.

Appointment Of County Detective Is Still Held Up

No action has yet been taken by Judge R. L. Hildebrand on the petition of District Attorney J. Elder Bryan, for the re-appointment of George S. Kennedy as county detective for the ensuing year. The petition has now been in the judge's hands for several days and it is expected that a decision will be handed down within a short time.

In the meantime calls which are usually sent to the county detective should be sent to the district attorney who is using constables in his investigations.

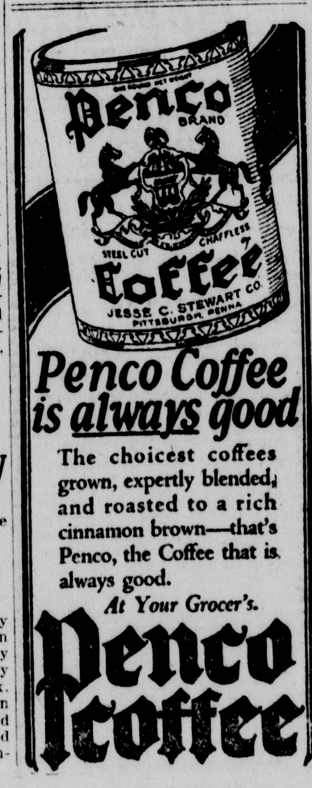

Lumbermen Open Annual Sessions In West Virginia

Held For Court On Liquor Charge

Hugh Kirkwood of Shenango township, was held for court by Alderman Green yesterday afternoon on a charge of possessing liquor. Everett Johnson, who was also charged with the same offense, was discharged, as the evidence showed that the liquor belonged to Kirkwood, who claimed that he had got it for medicinal purposes, as he had not been well. Kirkwood gave bail for his appearance at court.

Thawing Out Water Pipes Is Cause Of Alarm

City firemen were called to the home of H. O. Sturdevant, 706 Monroe street, this morning at 8:15 o'clock to combat a blaze, which had its inception from methods used in thawing out a frozen water line. The damage done was about $65. The alarm was turned in from box 45. After thawing out the water pipe, Mr. Sturdevant went to work and his wife discovered that there was a fire under the kitchen floor and called the firemen.

UNION LABEL

THE COLLEGIATE TREND

UNIVERSITIES and colleges in this country now have a combined matriculation of 750,000 young men and women, or sixty persons for every 10,000 of population. The French ratio is thirteen in every 10,000, and England's is fifteen.

This is an age of specialization which gives the college an important place in the nation's industrial life. Mechanical progress alone calls for thousands of technically trained minds every year; and it is upon the colleges and universities that the nation depends for most of these minds. It is a question, however, whether this country is not, in its educational system, sacrificing too much for material gain.

Technically and professionally the schools of higher learning in this country are thorough; but do the same standards of thoroughness maintain in the intellectual and cultural training of American youth? If the United States is to lead the world in intellectual fields as well as in industry and commerce, its schools must give to their lecture halls the thoroughness culturally that those of certain European schools provide.

Some see a tendency here for education to lean more and more toward technical and professional lines and further away from the intellectual and the arts. But others believe this trend has reached its zenith and can already see a movement in the opposite direction. Whichever is the case, this country needs and can produce both types and there never has been a more propitious time for producing them.

Universities and colleges can do society and the nation no better service than by assisting their undergraduates to find themselves, in the sense of determining the life's work for which they are physically, mentally and temperamentally best fitted.

HOW THEY HATE US!

THE editor of the anti-American newspaper in Mexico City, in the fever heat of the controversy over Nicaragua, observes that "Many Americans admit that hate for the United States is increasing in all countries of the world, and it is time for the American people to understand that when an opinion becomes so unanimous, it is because something has been done to deserve it."

True, "something has been done" by the United States to arouse the hatred or envy, or whatever one chooses to call it, but Americans suspect that this is no less heinous an offense than being amazingly prosperous and politically peaceful while other nations struggle with national bankruptcy and internal political strife.

Another of Uncle Sam's sins against those brother nations, which so demonstratively lament the gross misconduct on his part that robs them of that brotherly love toward him they so long have cherished and nurtured, seems to be that his diplomats have been so undiplomatic as to disagree with them as to what American foreign policies should be. This, indeed, is a fatal mistake, if not the unpardonable sin.

All the United States need do to win the everlasting love of European politicians is to meddle in the petty squabbles of the quarrelsome children of Europe, and Mexico fixes the price of her love for Uncle Sam at the modest and unselfish sum of leaving the smaller Central American republics and American property in Mexico at the mercy of politicians who happen to be in power in Mexico.

Yes, if the United States were poor and powerless she would be better loved by those who covet her power and prosperity.

QUANTITY PRODUCTION OF LAWS

TWO years ago some forty-odd state legislatures enacted more than 13,000 new laws. In that legislative year of 1925 it is recorded that 40,956 bills were introduced, two of every three having failed to find their way into the statute books. Last year there were regular or special legislative sessions in ten commonwealths and 4100 more laws were enacted. And now the legislatures, forty-four of them, which meet in the odd-numbered years are at it again.

Lawmaking has become an obsession. This year is expected to set a new high mark in enactments. Heavy as was the crop two years ago, the harvest this year will probably surpass it in volume. All signs indicate a flood tide of legislation this year. All of the old organized minorities are active and many new minority groups have been organized to share in the spoils of this predicted banner year for legislative lobbies.

Civic bodies want new laws. Industrial and commercial associations are active. Religious organizations, always well represented, are back again. Social groups and labor lobbies are adopting "legislative programs." Everybody wants a law passed and everything will be legislated against if all the bills go through. Fortunately, most everybody is against the other fellow's bill so some must fall by the wayside to be picked up again two years hence.

Americans have learned that volume production of anything is obtained at the cost of quality. It is impossible to turn out good laws at the rate of 13,000 a year. But legislatures still proceed on the theory that they are paid to make laws, like Paddy Cake the baker's man, as fast as they can.

The trouble with being born poor is getting over it.

Mushrooms come up over night, and it is the opinion of a motorist looking for a place to park that fire hydrants do, too.

Hints and Dints

Sun sets tonight 5:12. Sun rises tomorrow 7:13.

Perseverance is what you call it when you take the pins out of a new shirt. What you call it when you overlook one is something different.

Peaches Browning is described by a writer as a big blonde with strawy hair and with what the boys call "piano legs". She claims she is 16, but some say she could be taken for 20 without batting an eye. Peaches is a gold digger.

Two small boys in Canada sold their school books in order to get money to buy tickets to the movies. The movies are naturally more attractive than school, even in Canada.

When a small mind tries to grasp a large subject failure bobs up over the horizon.

So many people hold back the flowers until the life has fled. What a lot of hokum the sending of flowers to a funeral often is.

There is no reason to encourage the toothpick industry except canned blackberries.

There are 436 farms in the city limits of New York, and a hunt for wolves is on in the city limits of Chicago, and we saw a boy catch a wild rabbit a few nights ago in front of the New Castle Dry Company's store with his hands. And we think New Castle is a wonderful place, at that.

A Pittsburgh lady was arrested for ripping a telephone from its connection and hurling it into the face of a policeman. A telephone should make quite a weapon if it were not used for long distance.

Don't worry about the alarm clock on the dresser. Think about the pay check on Saturday.

A lady was convicted of making a false count in the recent election in Pittsburgh. We hope the ladies will not follow the footsteps of men and be crooked in politics, but we know some already who are beyond redemption when it comes to lying and deceit.

The greatest musical event of many years will take place in the Scottish Rite Cathedral on February 10, when the Minneapolis Symphony orchestra gives a concert. A man telephoned us from Ellwood City last night and told us he missed the community dinner because he waited too long to buy tickets. He wants his now as soon as he can get them, and we told him we would see that he got them.

Two hundred million dollars are taken from the people of this country every year by dishonest people who sell them worthless securities and other things.

A jiffy is the length of time it takes a woman to dress. It is a synonym for the word week.

This is "Pay Up Week". Those who owe debts are expected to pay them now, while those whom they owe are in a receptive mood. Some might pay up if threatened with a head-cut-off week.

With a lot of people seeing is believing what they hear.

New Castle loses its cavalry troop after it has been here for years. There are those who will gloat over this, but it is not a good thing for this city to lose this troop. Of course, good citizens never have anything to fear of soldiers and police.

It is only the worthy citizen who possesses a soul that mounts higher than beefsteak and onions.

UNKINDNESS

To speak unkindly is not wit,
Nor does it wisdom show;
It is not clever—not a bit,
To deal an unkind blow.
Though words sarcastic may seem smart,
Yet kindness is the nobler art.

There's often poison in a jest
That wounds a friendly soul;
It is not wisdom, at the best,
To play the jester's role.
To jibe at others, good or bad,
Or young or old, proclaims the cad.

Unkindness shows a spirit mean,
There's no wit in a sneer;
One can not wound a friend, I ween,
And laugh away the tear.
So let us keep this truth in mind,
And never say a word unkind.

Would gossip e'er to you unfold
A tale, refuse to hear,
And let the thing remain untold—
'Twill save an anguished tear.
White may be made as black as night,
But black can never be made white.

A New York assembly man proposes a law that will make all marriage proposals illegal if not made in writing. There will not be so many proposals if that law gets passed.

Nothing heals quite so quickly as the prick one's conscience gives him.

There are some birds in this country who are considered by the public at this time connoisseurs of feminine youth, and two of these chaps are having difficulty in the courts with youthful females to whom they are tied by matrimonial bonds. If these old birds were poor they would escape being pestered by these young flappers.

A beauty expert declares that there are now a million men in the United States who use cosmetics secretly. Well, it's something new for those birds. The women were also secretive about it for a long time and now look at the darn things.

Every person who gives up public office always comes out with a statement to show how glad they are that their term is up and then at the next election they are candidates again. Human nature is just human, that's all.

Because of the abuse of the pardoning power by Governor Ferguson the Texas assembly is considering taking the power away from the governor. The next thing will be to make it so tough that no criminal will ever be pardoned. One extreme usually follows another. But of two evils it is better to be a little too harsh with criminals than too easy with them.

Every community has at least one man who isn't good for anything except to see the other fellow's duty.

Even though men quit visiting the barber shops in large numbers, except on special occasions, taking to the safety razor and home barbering, they are still the old standbys for the tonsorial artists. An officer of the barbers' international says that men pay five times as much as the women do. Women pay well for bobs, but men when they get in the chair average from $1.50 to $2.00 per head.

The owner of California's longest beard is dead, but the beard goes marching on. It is to be preserved for posterity at Sacramento, and there is a report that the inscription on it will read: "It's the Climate".

The latest model automobiles emphasize high power and four-wheel brakes. At last the idea is gaining ground that it is just as important to be able to stop as to go.

Fashion decrees now that dresses match the automobile in color. It becomes interesting to know now whether dresses will take the Duco treatment.

The Assembly seems to be troubled with more bills than the rest of us, but then, the Assembly doesn't need to pay any attention to the bills unless they want to.

While a good deal of fuss is being made about 4,000 men who died last year from drinking poisoned liquors, very little is being said to remind the people that in the days before prohibition the average yearly number of deaths from acute alcoholism was more than 6,000.

Judging by the way that Ma Ferguson favored the poor prisoners in Texas as governor, she will have a continual stream of people at her back door at her Temple, Texas, home for hand-outs. And, of course, she will hand it to them. Ever after they will have a friend.

NOT A KNOCKER
New Castle, Pa.,
Jan. 25, '27.

Mr. Fred Rentz,
Dear Sir:

For the Hints and Dints column I will ask you to use the following for the anonymous letter writer who probably thought he cut off a big slice by suggesting colors for New Castle. My idea of an anonymous letter writer, regarding especially what he took up would hardly be fit for Hints and Dints column or any other column.

The item stated that this Bull-Dozer called himself a salesman, many are called but few are chosen this guy evidently missed his calling very sadly. From the tone of his letter I don't think he was trying to sell anything of much

Now He's Dead.
So Is Mithras.
Busy Mussolini.
Good Lending.
$1,000,000,000 for Golf.

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

On Monday night to amuse a typical prize ring assemblage a boy of 17, Leo Mahan amateur and inexperienced, fought and was knocked unconscious. Yesterday he died, a blow in the stomach did it.

If you ask why a country forbidding assault and battery on the street permits that brutality in the prize ring the answer is that prize fighting is profitable, politicians get part of the profit and make laws acordingly.

At Treaves, France archeologists have unearthed a temple built by ancient Gauls, fearing "only that the sky will fall upon us" as they said to Alexander. They erected it to the Persian god Mithras once powerful deity of light and the sun with followers far outnumbering those of Jehovah.

No false god, Mithras or any other could survive without permission of the real God, of course. But at one time it looked as though Mithras seated on his bull with the morning and evening stars beside him would rule all Europe.

Fortunately St. Paul could make no headway with Christianity in Asis so he came to Europe to do his work and wiping out Mithraism was part of it.

Mithras the great god of light, "friend of man" is as dead now as the brave old Gauls that built his temple or the bull upon which he sat, plunging his knife into it.

No low descending sun ever finds Mussolini winding up an idle day. Among other things the Italian dictator is Italy's air minister. Our "take it easy" government will please note that Mussolini expects by spring to have a gigantic air fleet, powerful enough to paralyze any enemy that should start a war.

No victory can be won by soldiers on the ground. But if war should start and a hundred airplanes dropping TNT were immediately dispatched to destroy big cities in an enemy country though it had a million armed men that country might be begging for peace before nightfall.

Those responsible for the welfare and safety of American cities please think it over.

If North and South Americt cannot set before the rest of the world an example of peace and common sense something is wrong with North and South America. This year the Latin republic will spend $100,000,000 developing railroads and most of the money will be borrowed in the United States. Chile is negotiating a $40,000,000 loan in New York to electrify the Chilean state railways. Apparently those South American republics have public officials sufficiently honest and competent to manage state railways.

The financing of desirable industrial enterprises in South America by United States banks is a useful investment for American money, better than lending money to Europe to keep up fighting equipment.

Swedish engineers and finaciers undertake to build Turkish railroads for Kemal Pasha and exploit Turkey's forests and coal fields.

The Swedish syndicate "will probaby turn to New York for a loan." That also will be money well lent. Building railroads and industry means fighting poverty and fighting poverty means fighting war.

One billion dollars will be spent on new golf courses and clubhouses this year. Including the cost of 1,000 new golf clubs starting and maintenance of old clubs. If the nation could build a thousand new flying machines, one for each new golf club to protect the links and placid gentlemen playing on them it would be a good thing.

Ricciotti Garibaldi, convicted of helping Catalonia in her struggle for independence, wonders whether this government will call him an "undesireable" he comes. Catalonia is to Spain what Ireland was, until lately, to Great Britian, a dissatisfied, coerced territory.

Garibaldi, grandson of the great man who made Italy a nation, is, like Lafayette, a man inclined to fight with the weak against the strong. It would be amusing if this country should say to him, "keep out."

In Day's News

Major Andrew S. Rowan, U. S. A., retired, in whose behalf an effort is being made in Congress to reward his services with an increased pension, will long live in history as the man who "carried a message to Garcia," although millions of Americans have heard of "A Message to Garcia" immortalized in Elbert Hubbard's class essay of that title, the bearer of the message has remained almost unknown. It was in the early part of 1898 that the War Department decided that in the event of war with Spain an officer should be sent to Eastern Cuba to ascertain the military conditions existing there and to arrange for co-operation with the Cuban revolutionists under Garcia. "Andy" Rowan, then on duty in the adjutant-general's office, was selected for the hazardous mission, which he accomplished in the face of many perils.

Dr. Crane's Editorial

SENDING THE DEVIL TO MARKET

In a brochure recently got out at Antioch College, Ohio, reference is made to the custom of the old time Shakers, who generally observed the laws of Christian brotherhood, of sending their most unscrupulous members out into the world to do their trading. Hence originated the saying that the Shakers always sent the devil to market.

The implication is that while Christian living and principles were suitable for ordinary affairs and in family life, they were not suitable for the outside world. There you had to fight the devil with fire and deal unscrupulously with unscrupulous people.

A very common idea is that those people get along best in this world who do not strictly adhere to the moral law. You have to be crooked enough to get along and yet not crooked enough to fall afoul of the law.

Those who are old and experienced in this world's dealing know the fallacy of this reasoning.

The fact is that it pays to be honest—to be honest in little things as well as in big, and to be honest in the privacy of your chamber as well as in the open forum of the market.

Honesty is not a thing to be put on and off and to be used for certain purposes. It is something to be adhered to all the time, and a man who is faithful in all his dealings, both at home and abroad, has the best chance of success.

Ed Howe, the sage of Potato Hill, can hardly be accused of being a strict religionist, and yet in his homely philosophy and experience, he has discovered that doing right is one of the surest means of success.

If any boy or girl is knocking about seeking some secret of success, none better can be offered than strict integrity.

To be just and upright in all things may occasionally get you into difficulty, but as a rule and in the long run it pays.

A man who keeps his hands clean and his heart right is always prepared for any attack, and as it has been roughly expressed, "He can look any man square in the eye and tell him to go to blazes."

The World AND THE Mud Puddles

SIGNS OF AWAKENING.

The United States is far behind other Nations in the development of Air Service. At least, the United States as a Government, is far behind. Just how much Scientific America knows about the making of either the plane or the motors for the plane, is not at all clear, because all over the Nation there are flying fields from which spring up every hour of the day many planes. Every year more money is invested in this paraphenalia; a great many men are interested in its development, but the Government is doing little. It has now announced that bids and designs for a Standard Training Plane for the Navy have been received from fourteen airplane manufacturing and designing companies, in response to advertisements by the Training Plane Competition Board appointed by Secretary of the Navy Wilbur, to consider the new designs. It is further said that these designs will be viewed from all angles. The Board will appraise those submitted as soon as possible, and submit its recommendations to Secretary Wilbur, after which the winning competitor will be announced. The design being selected, the purchase of the Training Plane will be consumated in accordance with Act of Congress of June 2, 1926, which "provides more effectively for the National Defense, and for other purposes."

The folowing companies have submitted designs: Curtiss Aeroplane and Motor Company, Thomas Morse Aircraft Corporation, Aerial Service Corporation, Kentucky Aircraft Corporation, Boening Airplane Company, Consolidated Aircraft Corporation, Sikorsky Manufacturing Corporation, G. Elias & Bros., Inc., Huff Doland Airplane Inc., Buhl Verville Aircraft Company, Glenn L. Martin Company, Eberhart Aeroplane & Motor Co., Charles Ward Hall, Inc., and the Douglas Company.

The designs will be judged on four points: Performance with a weight of thirty five per cent., includes stability and maneuverability in the air, on land, and on water; the ratio of high speed to low speed, and the rate of climb to 3,000 feet. Under the heading, "Arrangement" is included vision, disposition of equipment, ease of ingress and egress, and safety. This feature is given a weight of fifteen per cent. "Maintenance" is allowed twenty per cent., and includes durability, ease of repair, and simplicity of structure. The fourth point, "Contractural" with a weight of thirty per cent., covers the time and the cost of production on the planes. The specifications cover the landing speed, endurance, strength, and other fixed requirements.

The Board will appraise the designs submitted as soon as practicable, and will notify the Secretary of the Navy of the winner or winners of the competition. Upon approval by the Secretary of the Navy, a time and place for public announcement will be set and each competitor notified. If the report is not approved by the Secretary of the Navy, he may return the report of the Board for revision, or he may decide the competition himself. Public announcement will cover the percentages awarded each of the several features of each design, and the price named by the designed for his design. Before placing a production order for training planes, the Navy Department reserves the right to purchase sample airplanes of the winning design or designs for flight trials.

This is all very well as far is it goes. Commercial flying will be accomplished in this country as soon as the Capitalists of the Nation discover that it is profitable, but Aircraft are bound to become a mighty factor in National defence. At present it is absolutely up to the National Government to use every means in its power to equip the Army and the Navy with aircraft better than that possessed by any other Nation.

POEMS HOME By CHARLES HANSON TOWNE

"The Mocking-Bird," by Frank L. Stanton.

This Southern poet, still happily with us, is a tuneful troubadour, whose gentle songs have reached many a heart. For years he has written constantly for the Atlanta Constitution, and I suppose his poems have been copied as widely as those of Riley and Eugene Field. Hundreds of them have been set to music by such composers as Ethelbert Nevin, and he has come to be a sort of lovely tradition with us; one of our few folk-singers; certainly one of our most spontaneous poets, full of the joy of life; a maker of delicate melodies. His popularity is justly deserved.

He didn't know much music
When first he came along;
An' all the birds went wonderin'
Why he didn't sing a song.

They primped their feathers in the sun,
An' sung their sweetest notes;
An' music jest came on the run
From all their purty throats!
But still that bird was silent
In summer time an' fall;
He jest set still an' listened,
An' he wouldn't sing at all.

But one night when them songsters
Was tired out an' still,
An' the wind sighed down the valley
An' went creepin' up the hill;

When the stars was all a-tremble
In the dreamin' fields o' blue,
An' the daisy in the darkness
Felt the fallin' o' the dew,—

There come a sound o' melody
No mortal ever head,
An' all the birds seemed singin'
From the throat o' one sweet bird!

Then the other birds went Mayin'
In a land too fur to call;
For there warn't no use in stayin'
When one bird could sing fer all!

ZONING APPEALS BOARD TO MEET

Three Appeals To Come Before Members Of Board On Tuesday

Board of zoning appeals will hold its regular monthly meeting on Tuesday, February 1, at 2:30 p. m. in the city council chambers to hear appeals on three permits, which have been refused by the city engineer for the reason that the things asked for are contrary to the provisions of the zoning ordinance of the city.

Rocco Paglia, 9-9½ East Home street, is appealing from the decision of the engineer in refusing a permit for him to construct a storeroom in front of his two-family dwelling at those numbers and out to the sidewalk.

This is a secondary business district in which the zoning ordinance provides that where 80 per cent of the buildings on one side of the street between intersecting streets have front yards of ten feet or more, that no new structure or remodeled structure may be built nearer the sidewalk than ten feet. Permit was refused for this reason.

John P. Rodgers of 802 Wilmington avenue, is appealing from the decision of the engineer, who declined to issue for the enclosing of the front porch of the Rodgers residence for the reason that it is not permitted in the zoning regulations for the district in which the home is located.

William G. Armor of 606 Sumner avenue is also appealing for the same reason from the decision of the engineer, who declined to issue a permit for the ennclosing of the front porch of the Armor residence.

The enclosures in each instance were to be in glass.

Newspapers And Scandal

Students of the class in journalism in Westminster College have surveyed six consecutive issues of 15 representative newspapers to learn what percentage of space is devoted to news of crime and scandal. The average, they find, is two per cent. Three and a half times as much, they say, is devoted to business news, six times as much to news of general interest, five times as much to editorials and features, exclusive of comics.

This survey ought to explode a view, commonly held by some, that the American press as a whole is uncommonly concerned with the reporting of crime and scandal. As a whole it is not and any one who reads a newspaper that chronically and habitually devotes a greater proportion of its space to low news than the Westminster class found would seem to be below the average.

But the yardstick is no the only measure of a scandalous newspaper, any more than the size of the headlines is the measure of a newspaper's sensationalism. Many metropolitan newspapers that employ heavy type styles are among the most conservative and clean in what they actually print.

A low grade newspaper may do infinite harm in printing one column of the salacious details of some morbid story, while a clean, reliable and complete newspaper may tell all the pertinent news of a sensational case at equal length and yet do it cleanly.

The difference is one of breeding as well as of ethics. A remarkable advance has been made in the ethics of journalism in recent years, but some newspapers probably always will be ill-bred and vulgar, so long as vulgar or greedy men live to make or buy a low-grade press.—Fittsburgh Sun.

Just Folks

By EDGAR A. GUEST

MOTHER'S INSTRUCTION GOES WRONG

She was plainly very old,
And the day was bitter cold,
When he saw her as he drove along the street.
And there popped into his head
Words his mother oft had said:
"Be kind to aged people that you meet.
Son, in every way you can
Be a thoughtful gentleman,
Do for others what you'd have them do for us."
To himself he said: "It's cold,
And the lady's very old,
And it's bitter, bitter waiting for the bus!"

So he pulled up to her side
And he offered her a ride
With a deferential flourish of his hat.
"If you'll step inside with me,
I will take you home," said he.
But the answer that she gave him floored him flat.
For she opened up her mind:
"I have heard about your kind
And I never ride around with strange young men!
Let your false attentions cease!
I will shout for the police
If you dare to speak to me again!

"Would your mother like to be
On the street alone like me
And approached in such a manner?" Here he smiled.
"Has she never taught to you
What a gentleman should do?
Did she teach no manners to you, as a child?"
Here he gently closed the door
And he stayed to hear no more,
But he chuckled as away from her he flew,
For beyond the slightest doubt
He had earned that scornful shout
Just for doing what his mother told him to!

TROOP 15

The First Christian church troop 15 will hold its regular meeting this evening. Scoutmaster Sidney Smith will be in charge and requests all the boys to be present as some very interesting and important business will be taken care of.

TROOP 18

The Highland U. P. church troop 18 held its weekly meeting Tuesday, January 25, with a large attendance of scouts. Troop committeemen Grafton, Wallace and Perrott were present also. The visitors were Mr. Withers, Mr. Fehl, John Boston and "Herb" McGoun. "Ted" Colin was voted into the troop as a new member.

A knot tying contest was held, the winner gaining five points, second place three and one point winning third place.

A talk was given by Scoutmaster Davis on "Bird Feeding Stations." Each scout of this troop is to take part in building one of these. They were first place holders last year in building stations, and expect to be first again this year. Mr. Davis also discussed the coming camporee with the boys. Tents will be bought and all the other different supplies needed for the event.

Certificates of registration were given out and the following boys received their tenderfoot badges: Tom Hawkins, Jack Warnock, Foster Blanning, Bob Howe, Ned Parlett and Sam Weinschenk.

The trophy cup won by troop 5 for the marathon race was shown to the boys of troop 18. It is a very beautiful thing and the boys of 18 now have it as their aim for the year. In the race they took fifth, sixth and seventh places.

The next meeting of this troop will be held February 1. Every scout is expected to be present and bring an essay on "Forestry". This essay is to include everything learned in the past year about aiding forests, planting trees and things that will aid in the forests throughout the United States.

account or that would be of any great benefit to people who live in New Castle or live to boost New Castle. He stated that the people here were of a very ignorant nature, this is probably a very sad mistake of his or he would have been doing some business in New Castle, like other decent, fair minded salesmen are doing.

I am an inside salesman myself and meet many other salesmen every day, who are from all over the country, I have studied their methods of doing business, their personalities and exerything else that constitutes excellent salesmanship, and will say that over nine-tenths of the salesmen I come in contact with are gentlemen to the point.

But just to think what an awful sarcasm for this dirty, foul mouthed, soup guzzler, who would show his brainless dome up among civilized people, and sit down and pen the insult that he did about New Castle. It would certainly be great pleasure for me to drape some of the black color he spoke of around his darling little eyes and if you happen to find out who this very intelligent Baboon is or of some other "Baboonish" type is, why just send him around where I work and I will lay down the tools long enough to show him just the difference between a New Castle Citizen and a common every day bum is.

Now Mr. Rentz if this is not a clear enough explanation of just what we think about this cheap lunch counter hound or more in the nature of a dirty, greasy pup, or any one else feeling they would like to do some knocking the wrong way about New Castle just notify me and we will explain a little more clearly just what we think of a downright, miserable Jackass.

There are quite a few people living in New Castle as well as bums like this who blow in, that when they can't keep knocking about the advancement of the city and the good that is being done here, they go out and knock the poor farmers' apples off the trees and steal them, and some of the same ones will go to Youngstown and try to buy a two cent stamp if they thought they could get it for one and three-fourths of a cent. If we would go to Youngstown to work trade they would think we just got out of an insane asylum they buy goods in Youngstown, no place else.

If this jay hawk who wrote you such an insulting letter wants to see me, send him over for I will die fighting for New Castle.

P. S.—I have read and have enjoyed reading the New Castle News for twenty five years or more, it suits me as well as other people who Boost New Castle. Run a whole page of Hints and Dints Mr. Rentz, of course the shoe fits pretty tight sometimes but sock it to 'em every chance you get. I just have one suggestion to make about the News, that is you might add a new page and head it "For New Castle Knockers Exclusively." Then after New Castle gets some of the new buildings finished and gets over the rush, I think it would be a good plan to build a nice new building just for the Knockers alone, a place where they congregate and think up some new devilry among themselves. I think this would be a mark of distinction for the city, then we could see them all in one bunch.

Yours Truly,

Girl Scout Council To Be Organized

The committee on Girl Scout council organization, appointed by the Business and Professional Women's club, met last evening in the public library with Miss Violet King president of the club, and Miss Dorothy White and Miss Pauline Gilkey, two scout leaders.

It is expected that the Girl Scout council will soon be organized. At present it is under the auspices of the Business and Professional Women's club. Much enthusiasm was shown at the meeting.

The committee consists of Miss Mary Wilson, Miss Jessie Wilson, Miss Anna Gilliland, Miss Verna Allison and Miss Alice Sterling.

Mercer Man Gets State Appointment

MERCER, Pa., Jan. 27.—For the fifth session Marmaduke G. Miller of Mercer has been appointed as clerk to committees of the Pennsylvania senate. His appointment was made at the Tuesday session of the senate. He will leave for Harrisburg soon to take up the duties of his position.

Mr. Miller is associated here with his father, J. R. Miller, in the operation of the Mercer Gas & Fuel company and the Mercer Water company. He is a grandson of the late Judge S. H. Miller, serving as the secretary of his grandfather during his last term in congress.

Response Given By Fredonia Girl

Miss McDowell Replies In Poetry When Given State Award

WINS HIGH HONOR AT STATE CAPITAL

The selection given below was presented at the banquet of Sheep Breeders & Wool Growers' Association, held in Harrisburg January 19, by Miss Sherry McDowell, 14-year-old daughter of Mr. and Mrs. Fred W. McDowell of Fredonia, after her pen of three Hampshire lambs had been awarded grand championship over all other breeds at the state products show.

A handsome silver cup donated by Dr. Munce, state veterinarian, was also given her in recognition of his victory.

Miss McDowell is nationally known for his flock of pure bred Hampshires which won ten championships on his tour of state fairs of the east last fall. At Springfield his yearling ram won grand championship over the winner of the sesqui-centennial.

Miss McDowell's response was as follows:

You ask me to speak and I'm puzzled
My face ought to register joy,
But you don't know conditions at our house
My daddy so needs a boy.

But mother has been, oh, so faithful,
She's bought me the trousers and shirt,
And since I have entered the Boys and Girls club
I've practically done all the work.

On Sunny Brook Farm we raise Hampshires
In number we have fifty-eight,
I wish I could show you the blue ribbons
My daddy brought home from each state.

Where he showed at State Fairs on his trip in the fall
And judges decided we had best of all.
At Springfield our yearling won champion over one out of many
That had been the best at the Sesqui Centenny.

The lambs I have shown here are Hampshire grades
And I want to tell you the gain they have made
From the time I bought them away last fall
They have gained 142 pounds, the three in all.

I've loved them and tended them every day,
Fed them corn, oats, bran, oilmeal, and poor hay,
I've trimmed them up in the usual way
Spending all my spare minutes each day.

Now since my lambs have won first prize
And been the Champions too,
I guess there's nothing more to tell
Until it comes the time to sell.

So now I want to say a word
About one you all know.
He travels many miles from home
Attending all big shows.

You'll recognize him by his laugh
Or maybe by his weight.
He's Sheep Extention Expert
At Pennsylvania State.

And Mr. Connell, don't forget,
When out our way you roam,
You'll find you're always welcome
To visit in our home.

And then, too, there's Mr. MacKenzie,
My daddy calls him Pete.
A jovial, friendly fellow,
It's well worth while to meet.

He needs no introduction
Since the Chicago show.
Newspapers told the story
To those who could not go.

He's won a name for State
That will be hard to beat,
When $3.65 was paid on foot
For mutton for folks to eat.

And Dr. Munce, I'd like to know,
To me, he's made this one grand show,
For when I won his silver cup
I want him to know how my spirits went up.

My home is in Mercer County,
Freedonia, the name of the town,
It's my sophomore year in F. V. S.
A vocational school of renown.

I'm glad to have met you and thank you
For all of your kindness here,
And I shall look forward and hope to meet
All of you here next year.

SHERRY McDOWELL,
R. D. 2, Mercer, Pa.

New Castle High To Play Monday At Wilmington

(Special To The News)

NEW WILMINGTON, Pa., Jan. 27.—Scholastic basketball fans of New Wilmington have greeted the announcement that New Wilmington high is to play New Castle high on the Westminster college floor Monday evening with approval. The contest should be worth while as New Castle is reputed to have one of the best scholastic fives in the district and the local team is rapidly striking a faster pace.

Friday evening both the boys and girls teams of the local school will go to Mt. Jackson to meet the high schoolers of that place. The same schools met at New Wilmington about two weeks ago with the New Wilmington teams winning.

CLUCK, CLUCK, WOOF! TWO HENS AND DOG PLAY STAR ROLES

LANCASTER Jan. 27.—Two pet chickens and a police dog played leading roles in court today.

"Come, Reddy; come, Blackie."

Heeding their master's voice two pet hens emerged from a flock of 175 chickens, one of them perching on the man's shoulder.

At least that's the story Walter Light, of Marietta, told a jury in testifying against his neighbor, Charles Myers. Light testified he recovered his pets from the flock of another man who said he purchased the chickens from Myers. The jury refused to believe the story and acquitted Myers.

Another jury restored the name of Pete to a police dog. Several times the animal has figured in aldermanic and police cases. Harry Abel charged Albert Hall with stealing the pet. Abel said the dog's name was "King" and Hall named him Pete. After hearing many witnesses the jury awarded the dog to Hall and acquitted him of a larceny charge. The dog was brought into court.

Jazz Music Is Only In Infancy In Russia, Say

(International News Service)

LONDON, Jan. 24.—Jazz is in its infancy in Russia, and is likely to remain there, according to Albert Coates, conductor at the Marinsky Opera House, Leningrad, who is now on a visit to England.

Coates dispells a popular fallacy that Russians get their opera free of charge. "They pay fairly highly," he said in an interview. "Generally they hate the sight of the movie. They concentrate on music.

"Evening dress, is to be seen in the better part of the theatres, but also the houses of the peasants. Russians get their jazz relayed by radio from England. Expert transcribers of music make notes as they listen-in.

"Apart from this jazz is pretty well unknown.

Mind Blank For Two Years, He Recovers

LORAIN, O., Jan., 27.—Edward Gifford was busy tody trying to regain the last two years.

Since he was struck in the forehead while on duty as a fireman Gifford has lived in a world apart, unable to comprehend events, remember friends and with the mind of a child.

"Crossed brain cells," specialists called it as they explained there was nothing to do but wait until they snapped into position again.

Two years friends and relatives waited as Gifford moved about in his dream world. Then yesterday something in his head snapped suddenly, he thought he had been struck a blow. His mind was normal again, but two years out of date.

"The Chaplin divorce?" he queried as he read a newspaper today. "That's news. Who is this 'Peaches' and 'Daddy Browning,' And you say Irving Berlin is married. Well. How about the Stillman divorce case? The North Pole—they flew up to the North Pole and back. So Gertrude Ederle swam the channel—Oh I'll never catch up."

NOT ON THE MENU.

LONDON, Jan. 27.—The most important blessing given to the world by the bobbed-hair vogue is from a bovine point of view. The Royal Veterinary college has discovered that the death rate among cows from eating hairpins mixed with their food has decreased remarkably. The shingle is annually saving thousands of cows' lives.

RESCUES MOUSE FROM FLAMES

ASBURY PARK, N. J., Jan. 27—Trapped in the show window of a blazing delicatessen store here a little gray mouse made ready to meet his death in the flames. But Patrolman Joseph Sullivan of the Asbury Park force couldn't bear to watch it so he rushed into the burning shop and rescued the little animal. Sullivan said the rescue was prompted by humanitarion motives.

I never dreamed that any one soap could do all the things Rinso does until I tried it myself. It certainly is THE soap for our water. At first I used it only for the laundry because it's so safe and because it made the clothes so white and pretty without any hard rubbing. Why, even boiling wasn't necessary with Rinso! But I soon found out that it was just as good for dishwashing and other cleaning. Now you'll always find a large-size package on my kitchen shelf. And I keep one in the bathroom, too, for cleaning the tiles, bathtub and basins.

MRS. CATHERINE PEARSALL,
814 State Street,
New Castle, Pennsylvania

Millions use Rinso. Thousands write us letters like this.

Mrs. Catherine Pearsall, 814 State St., Says:

A whiter wash -a brighter wash

in machine or tub — this safe easy way

TRULY, there's nothing like Rinso! Whether you do the wash by machine or hand you never saw clothes come so snowy white and spotless!

Rinso doesn't make frothy soap bubbles. It stirs into rich, creamy suds and makes the water soft and soapy all through. Even the *hardest* water!

With Rinso you need no bar soaps, no chips, no water softeners. It's so economical!

This amazing granulated soap loosens dirt and stains so they float right off. The heaviest wash, the most soiled things, come out clean and white — *whiter* even than washboard rubbing could get them!

Millions know it's safe

The makers of 30 leading washing machines highly recommend Rinso for its safety. Contains no acids, bleaches or harmful chemicals.

Try Rinso in your washer and see how wonderfully clean and fragrant the clothes come out. If they are very soiled, just soak them an hour or two in Rinso suds before using the machine—and you won't need to do a bit of hard rubbing. Of course clothes last longer this gentle way!

Get Rinso from your grocer today. For economy and best results, follow easy directions on package.

Marvelous for tub washing, too!
Rinso *soaks* clothes whiter than you could *scrub* them. Saves the clothes, and your hands too. No need to boil—Rinso whitens without boiling. *Sterilizes, too!*

Guaranteed by the makers of Lux—*Lever Bros. Co.*

The Granulated Soap that Soaks Clothes Whiter

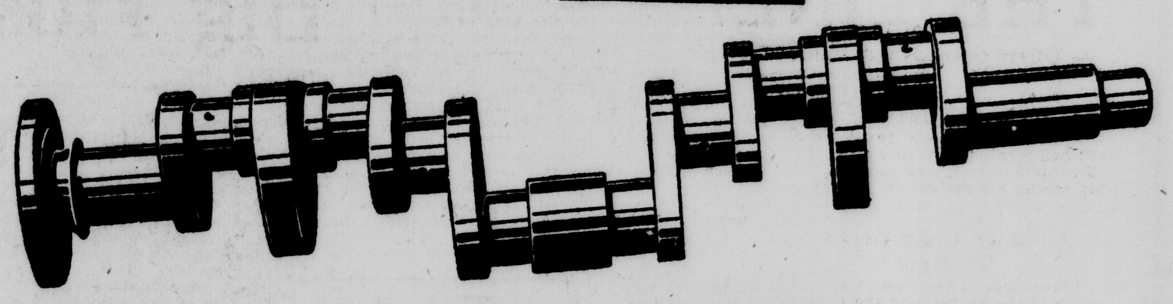

Some Women Always Attract

You want to be beautiful. You want the tireless energy, fresh complexion and pep of youth. Then let Dr. Edwards' Olive Tablets keep your system free from the poisons caused by clogged bowels and torpid liver.

For 20 years, men and women suffering from stomach troubles, pimples, listlessness and headaches have taken Dr. Edwards' Olive Tablets, a successful substitute for calomel, a compound of vegetable ingredients, mixed with olive oil, known by their olive color. They act easily upon the bowels without griping. They cleanse the system and tone up the liver.

Keep youth and its many gifts. Take Dr. Edwards' Olive Tablets nightly. How much better you will feel—and look. 15c, 30c, 60c. All Druggists.

Why Studebaker Crankshafts *are Best!*

120 blows per second
7,200 blows per minute
432,000 blows per hour
4,000 pounds force in every blow

THESE figures indicate the force of the explosions which the crankshaft of a Big Six motor must convert into an even flow of useful power.

No other car in its price field uses such an expensive crankshaft as Studebaker.

Each one is forged from a single block of steel in Studebaker's own shops.

Each one is fully machined and dynamically balanced. Balance is so perfect that if suspended with a fan at one end a slight breeze will cause the one hundred pound mass of steel to revolve smoothly.

How to Judge a Crankshaft

Some engineers favor light crankshafts with many bearings. Studebaker uses a heavy shaft with four bearings, but those four have greater bearing surface than the seven bearings of many other cars.

Some seek to attain with bolted-on counterweights the inherent balance which Studebaker builds into its shaft.

What Lincoln Said

"How long should a man's legs be?"
"Long enough to reach the ground," replied Lincoln.

Similarly what counts in a crankshaft is the smooth, vibrationless flow of power which it yields—its ruggedness, its freedom from trouble. These may be attained in various ways. The layman's opinion on technical matters of design is worth little.

How the Layman Can Judge

But any layman can judge as to the *performance* of various types of crankshafts. *You* know as well as any expert whether the engine is running smoothly at all speeds.

Test a Studebaker against any other make of car—six or eight cylinder—with a heavy crankshaft or a light one—with many bearings or few—with or without bolted-on counterweights. Ride in any car at any price and you will find that there is no sweeter running engine than the Studebaker.

We would not have any records of so many Studebakers driven 100,000 to 500,000 miles each if Studebaker crankshafts were not superlatively efficient.

Drive a Studebaker and let performance prove to you that the crankshaft has bearings and everything else perfectly proportioned to the job to be done.

Pigeons And Squirrels Roam Capitol Grounds

(From News Bureau)
(State Capital)

HARRISBURG, Pa., Jan. 27.—Administrations may come and go, laws may be enacted or repealed, and the legislative mill go merrily upon its way, but there is one class in this capital city that cares little and that class, the furred and feathered inhabitants of the capitol grounds—the squirrels and pigeons.

They own the capitol lawn and few there are who dispute that ownership. Undoubtedly there is a law hidden away somewhere which provides a penalty for harming one of them, but it isn't alone the law which keeps them from harm, its their cunning way. They seem to know that the folks are interested in them, for just stopping on the sidewalk draws a few of them, and a few peanuts scattered about starts a convention.

Early in the morning is the best time to see them capering about. An attendant comes out with a bag of bread scraps and in a moment it seems as if all the pigeons in Pennsylvania are present. They swarm over the walks, paying no attention to passersby and in fact seem to resent the intrusion of mere man. They have no fear whatever and require but little invitation to stand on your hand and eat.

Of the two, the squirrels are the most amusing. Big husky fellows with long bushy tails and they do not wait to be invited to eat, they seem to come down out of the trees and urge one.

Woe betide the pedestrian who fools them. Now and then, some one will stop and coax them to him on the pretense of having peanuts. Down from the limbs they scamper, tails waving eagerly and a mad rush is made for the pseudo friend. When they find out that the hand that beckons has nothing in it they are liable to sink a rapier like tooth in the hand as a warning.

But the chap who has peanuts is his friend. Up over one's arms and legs they crawl, poking inquisitive noses into pockets to see if anything was overlooked and as they get a peanut their eyes seem to gleam appreciation and they are off to bury it, why, no one knows for they are given enough food every day to save them the trouble of burying it for a rainy day.

Now and then an argument ensues over the ownership of a peanut and the briskest kind of a fight follows. Up and down the lawn they scamper, chattering madly, as if it were the last peanut in the whole world.

There is one squirrel on the grounds which seems to the black sheep of the flock. At least he is in appearance, for from the tip of his inquisitive nose to the tip of his bushy tail he seems to be painted with tar. In contrast to the grey coat of his fellows he is an oddity, and no one seems to know whether he is a rare species or just an accident.

The visiting youngsters especially enjoy the squirrels and pigeons and on sunny afternoons little tads can be seen roaming over the grounds, coaxing the inhabitants of the trees to them with tidbits.

Someone has said that the squirrels can spot a legislator a hundred yards away, but this seems to have all the earmarks of a dirty crack.

An effort will be made at the present session of the Colorado legislature to revise the workmen's compensation law so as to bring the average benefits to the level of those provided in other States.

United Miners Move To Eliminate All Radicals From Becoming Members

One Of World's Largest Labor Organizations To Bar Radicals

Atmosphere Tense in Convention Hall As Both Sides Await "Death Duel"

(International News Service)

INDIANAPOLIS, Jan. 27. — The United Mine Workers of America, one of the largest labor organizations in the world, today moved to eliminate radical membership by an amendment to its constitution.

As the 30th constitutional convention surged uneasily and waited for the report of the committee to whom the task of drafting such an amendment had been entrusted, President John L. Lewis delivered a supplemental report recommending readjustment of coal freight rates throughout the country.

The morning session started on the receiving of various proposals from the committee on resolution, with hardly a ripple of the fight which took place late yesterday when President Lewis "threw the die" in the teeth of John Brophy, radical leader.

The atmosphere, however, was tense, with both sides waiting a word to plunge again into the "death duel" between the administration and the radicals.

The constitutional amendment committee had been instructed to draw up such provisions that radical members, who showed even a leaning toward Communism, would not be allowed the privilege of membership in the International Union.

The chairman, Christ J. Golden, of District 9, Pennsylvania, made no statements on the findings of the committee today, as the 1500 delegates awaited the decision.

"Man's Trial" Theme Of Strong Sermon

Rev. Scripture Pictures What Should Happen To All After Christ Should Return

At present last evening at the revival service at the Hoover Heights tabernacle of the Christian and Missionary Alliance seemed agreed that it was one of the best services of the campaign. What is known of as a break occurred. A number requested prayer for their spiritual condition and some came forward at the invitation.

Mr. Scripture carried his audience further than the night before and pictured what should happen to all after Christ should return, speaking on the subject "Man's Trial."

His text was taken from the 27th verse or the 9th chapter of Hebrews, "And it is appointed unto men once to die but after this the judgment."

The speaker declared that the only man who feared an investigation of his life was the crooked man the dishonest man, the man who has not fulfilled his duty. An honest, clean or upright man never fears an investigation or trial.

The moral man will fear God's judgment for it will be based on God's word of life, the Bible and on what we have done with God's sacrifice, Jesus Christ. Two serious charges face one in trial, cruelty or non-support. Co God's charges will come under these two heads, the soul that persists in open rebellious sin and the man who does nothing with Jesus but simply ignores him both will be banished from God to Hell, though perhaps they suffer different degrees of punishment. But both will be there forever. All must die or go through the same process. Likewise all must stand before God in judgment. We must see ourselves as guilty here and plead for mercy and obtain God's salvation or we will have to answer before God for the same things later and bear our own punishment.

The judgment will be very thorough for God is now keeping his record of our actions, our thoughts and even the intents prompting the thought and action.

The preacher brought forth a great array of Bible texts to support his statements along this line. This was declared to not be for the purpose of knowing our salvation for the saint appears at one time and the sinner at another but to determine the reward for the saints and the degree of pnishment for the sinner. All should therefore come to Jesus and take him as saviour.

Service tonight at 7:30. Spbject "Christianity, not Merely a Fire Escape." Prayer service tomorrow at 2:30.

Start Ice Harvest At Conneaut Lake

MEADVILLE, Pa., Jan. 27.—Following a drop in temperature here over night during which the mercury fell to 8 degrees below zero, the Conneaut Lake Ice Company today began work on harvesting a supply of ice. Workmen reported the ice was a foot thick on the lake.

Rev. Edgar Johnson At Moravia Church

Principal Speakers At Missionary Convention Which Opened Wednesday Evening

REV. EDGAR JOHNSON

The Missionary Conventions of the Christian and Missionary Alliance for New Castle and vicinity began last night at the Moravia Stop Mission with Rev. Edgar E. Johnson, of Wheaton, Illinois, as the first speaker. The Missionaries with the party consist of Miss Elsie B. Clor, from Palestine and Rev. W. C. Cadman, from French Indo China.

Both of the Missionaries come from among the most interesting of the Alliance Mission Fields. Palestine has had unusual notice the last few years because of the Jewish National Life that is springing up in the land. From Palestine the workers have found an open door into Arabia and recently a Missionary was welcomed into the very heart of Arabia and preached the Gospel of Christ in Mecca, the stronghold of the Mohammedan world. Also "over Jordan", literally, they have gone carrying the same message that the early Apostles carried into this Eastern land.

Rev. Edgar E. Johnson, has for years been pastor of the large Gospel Tabernacle at St. Paul and comes to us with a rich and ripened experience as a Bible teacher and a good program is assured.

The services will continue at Moravia Stop each day until Sunday. Services at 2:30 and 7:30 p. m. Beginning Sunday the workers will come to the Gospel Tabernacle at Pearson street and continue until Wednesday night. Then to the Hoover Heights Gospel Tabernacle until the closing day Sunday.

But when you talk to London you can't tell whether that funny noise is static or just pronunciation.

Lewis Urges Adjustment Of Freight Rates

Scientific Adjustment Of Freight Rates Would Relive Miners' Ills

BLAMES RATES FOR ECONOMY

Challenges Right Of Interstate Commerce Commission To Break Rights

By JACK CEJNAR
International News Service Staff Correspondent

INDIANAPOLIS, Jan. 27.—Scientific adjustment of the coal freight rate structure in the United States was demanded today by President John L. Lewis of the United Mine Workers as one of the remedies for the ills of the American coal miner.

In a supplementary report to the 30th constitutional convention of the international union, Lewis blamed discriminatory coal freight rates for the lack of stability in the bituminous coal industry and attacked the interstate commerce commission for actually aggravating the evil by its recent policies.

Lack of Stability.

By lack of stability, Lewis said, he referred to excessive over-development in the industry, intermittent and seasonal operation, recurrent unemployment and chronic competitive warfare.

"Unjust, unreasonable and discriminatory freight rates have caused the uneconomic opening of new mines and enabled coal operators in remote and undeveloped states to avail themselves of pauperized labor to maintain themselves as the leading factors of coal production in the markets that lie far outside their natural territory," Lewis charged.

The result has been, Lewis said, "exploitation of serf labor, misery for organized coal miners and higher priced coal to the consumers through stifled competition."

"Preferential rates to alleged infant coal fields must go," Lewis declared. "The coal fields of Kentucky, Tennessee, Virginia, and West Virginia are no longer infant industries."

Lewis rapped the interstate commerce commission as having no warrant of law to sustain existing discriminations in coal freight rates.

Gross Violation.

"Such discrimination is a gross violation of the constitution of the United States," Lewis asserted.

Referring to a statement on August 16, 1926, by William A. Disque, one of the examiners of the I. C. C., in his report in an Indiana coal rate case in which Disque blamed the miners' wage scale for the ills of the Indiana coal industry, Lewis hurled this defy at the commisison:

"I challenge the right of the interstate commerce commission or its representatives to use its great power to break down the wage standards and the living conditions of the workers in the organized section of the American coal industry. The stagnation of a great industry and the papuperizing of mining communities cannot be justified upon any such premise and it is amazing to believe that there are those attached to your commission who will enunciate the thought that the salvation of the coal industry in the northern states depends upon the ability of the coal operators to degrade their workers and deprive them of the inherent privileges to a degree which exists in the same industry in the states of Kentucky and West Virginia.

"Such a thought is repugnant to every concept of the ideals of American life and will be profoundly resented by every thoughtful citizen in the states affected."

Lewis mixed ridicule with bitterness in his address today.

"Straying calves are said to have marked out the streets of many of our older cities," he said, "and it is certain that ignorant station agents seeking temporary local advantages were responsible for laying the foundation for our national freight rate structure."

Feed Mill At Hartstown Is Fire Damaged

MEADVILLE, Pa., Jan. 27—Fire which did damage today estimated at $20,000, razed the J. A. Marstellar feed mill at Hartstown, near here. Volunteer fire fighters were handicapped by lack of equipment.

Aimes to Live 100

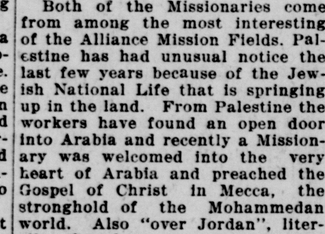

Pittsburgher Uses a Rare Herb Remedy to Keep the Youthful Fires Burning.

"I am nearing 60 years, but I feel as young as I did at 30. I take a cupful of Bulgarian Herb (Blood) Tea once or twice a week. It keeps me healthy and strong and makes me feel young again," said H. H. Von Schlick, manufacturer of Bulgarian Herb (Blood) Tea.

If you are constipated or have rheumatism, liver, kidney or stomach trouble, don't wait another day. You need vigor and energy to perform your work. Why not feel 10 to 30 years younger?

Why, just to break up a bad cold quickly, Bulgarian Herb (Blood) Tea is worth ten times its price. The rich herb juices, taken hot at bedtime, heat up the chilled blood, stimulate the circulation and aid nature to cast the poison germs out of your system.

Mercury Takes 42 Degree Drop In 36 Hours

(International News Service)

HARRISBURG, Pa., Jan. 27.—The mercury did record performing in Harrisburg and central Pennsylvania today.

Falling forty-two degrees in thirty-six hours, the mercury touched two degrees above zero here at an early hour today, thus hanging up a record low mark for this winter and for the local United States weather bureau on this date.

The previous low temperature for January 27, since the establishing of the local weather bureau was five degrees above zero. It was recorded in 1907.

Warmer today and tonight, is the prediction of the bureau.

Many Bills Ask Highway Work

Nearly 200 In State Legislature Ask New Highway Construction

ONLY ONE MEASURE TO HELP RAISE FUNDS

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., Jan. 27.—With the total number of bills before both houses of the legislature past the 400 mark almost one-fourth of the total number are those providing for special highway construction. Legislators here today were free in predicting that the flood of such bills this session will pass all previous records with the possibility that a smaller percentage will get out of committee or pass both houses.

The great majority of such bills are accepted as polite and politic gestures on the part of those who sponsor them. Usually they are prepared in response to the demand back home and little real effort ever is made to transform the sheets of the bills into real concrete slabs on muddy back roads.

This year the yearly flood has far exceeded the initial efforts in former years and is said here to indicate the insistence of the people throughout the state for good roads regardless of how important they be to the general road system.

Both senators and representatives of the west have been vieing with the east and central sections to banish mud from the back roads. One representative of a very small, thinly populated central county has a series of bills that if passed would add about 20 million to the highway department needs and give every farmer a good road past his door.

In the senate especially the members have not been confining themselves to one or two counties but are proposing road systems which would parallel parts of the primary routes and run through half a dozen counties.

While the members are proposing to saddle the highway department with hundreds of miles of new roads, not contemplated as part of the primary system, only one measure has been introduced to help solve the present road problem. The Voltz bill now before the house proposes the addition of one cent per gallon on the gasoline tax.

With all of the last $50,000,000 bond issue committed by contracts already let the building of additional roads is more a problem for the ways and means committees than for any other, it was pointed out.

In both houses the committees on public roads and highways are large bodies. In the house there are 37 members with Hess of Lancaster as chairman. The senate committee has 32 with Buckman, Bucks, as chairman.

In the 1925 session an omnibus road bill adding 1200 miles of road to the highway system was passed and signed. A large part of it still is listed as "uncompleted business" so far as actual hard surface construction is concerned.

Zinc and Copper Banish Rheumatism

Remarkable New Discovery Proving Boon to Thousands

McKenzie, Tenn. — Application for patent covering what is considered to be the most unique discovery of its kind has just been made by the Eureka Manufacturing Co., 264 Stonewall St., McKenzie, Tenn. After years of experiment they discovered that an especially constructed, chemically treated set of heel plates, one zinc and one copper, placed in the shoes of the sufferer will, by a scientific process, quickly rid the wearer of rheumatic pain, sciatica and stiff joints, as well as tone up the system in general. Experiments in hundreds of cases have proved this discovery to be a boon to all sufferers of the above ailments, especially as it eliminates the use of medicine which, in many instances, proves to be of only temporary value. They are anxious to prove their statements by sending any sufferer of rheumatism a special liberal trial offer. Write them today.—Adv.

Cold Wave Grips Western Section Of Pennsylvania

Pithole, Venango County, Registers 16 Degrees Below Early Today

(International News Service)

PITTSBURGH Jan. 27.—A cold wave which sent the mercury tumbling to below the zero mark in many parts of the district gripped Western Pennsylvania today.

At Pithole, Venango county, the thermometer registered 16 degrees below zero, the coldest spot reported. Pleasantville reported 14 degrees below; Titusville, 12 below; Rockland, 10 below; Franklin, 5 below and Pittsburgh registered 5 above, one of the warmest spots in the district.

Warmer weather on Friday promises relief weathermen said.

Ban Johnson Is Much Worse Today Doctors Assert

(International News Service)

EXCELSIOR SPRINGS, Mo., Jan. 27.—The condition of Ban Johnson "retired" president of the American league, is said to be worse today. Johnson is suffering from neuritis and has been under the care of a physician since he arrived here for a "much needed rest" several days ago.

Seventh Ward News

DR. STEWART TO SPEAK IN WARD

Dr. Stewart From Clinton, Mass., Here Friday; Other News Of Seventh Ward

Dr. Alexander Stewart, pastor of the First Methodist church of Clinton, Mass., will speak in the Mahoning Presbyterian church, Friday evening at 7:45. This will be the third lecture of the series of four lectures being held in the Mahoning church this winter. These lectures are being given under the board of education of the department of moral welfare, of the Presbyterian church.

Dr. Stewart will speak on the subject, "The Challenge of Youth." He is chairman of the Young People's committee of the Federal Council of Churches. As chairman of this committee Dr. Sewart is well able to give an interesting talk on this subject.

PARTY TONIGHT

The pupils of the class, group 9A of Mahoning school being promoted to Senior high are having a farewell party in the school this evening.

PLAN PROGRAM

The Women's Home Missionary Society of the Mahoning M. E. church will have charge of the church service in the Methodist church Sunday morning. This will be the Thank Offering program of the society. Mrs. C. S. Hart will be the speaker of the morning. Other features of the service will be a vocal solo by Mrs. Chester Johnston and a reading by Miss Harriet Truby.

K. J. U. CLASS

The Sabbath School class of the Mahoning Presbyterian church, taught by Mrs. F. W. Guy will have their class meeting this evening in the church parlor.

ABOUT THE SAME

Doris, little daughter of Mr. and Mrs. J. M. Bevan of W. Clayton street, who is ill, remains about the same.

PRAYER SERVICE

"Ye Are My Ambassadors," was the subject of the talk given by Rev. J. N. Croxall, pastor of the Mahoning Methodist church at the prayer service in the church Wednesday evening. This was another talk of the series on the "Ye Are's."

WILLING WORKERS.

The Willing Workers of the Mahoning Presbyterian church had their monthly business meeting in the church parlor following the prayer service in the church Wednesday evening. Regular business matters of the society were discussed during the meeting but no special plans were made.

REV. McCONNELL TO SPEAK.

Rev. Ralph McConnell a missionary from Siam will speak at both the morning and evening church services in the Mahoning Presbyterian church Sunday.

CHANGE RESIDENCE.

Mr. and Mrs. John Dilley of N. Cedar street, have moved to Rabbit street.

SKATING GOOD.

Skating is reported being good on Ehle's pond, just off the Mt. Jackson road, and a number of the young people of the ward and vicinity are taking advantage of the pond being frozen and having a good time skating.

PENNA-BO LODGE.

The members of the Penna-Bo lodge to Brotherhood of Locomotive Firemen and Enginemen had their lodge meeting in the Woodman hall, Wednesday afternoon. During the afternoon the regular business of the lodge was transacted and report from the committee for the Union lodge meeting was given by this committee.

COTTAGE MEETINGS.

Cottage prayer meetings were held in the homes of Mrs. S. E. Park, Mrs. J. G. Moore and Mrs. A. S. Eberhart on Wednesday evening. Leaders of these meetings were:—W. R. Bumbaugh, J. M. Bevan and Rev. W. W. Sniff.

These meetings were conducted in preparation for the evangelistic services which will begin in the Madison Avenue Christian church next Sunday evening. Rev. Van Winkle of Canonsburg, Pa., will preach at these revival meetings. These meetings will continue for three weeks.

PINCHED!

Ever have the unpleasant experience of being pinched?

If you have or if you haven't, you'll want to see this remarkable one act Comedy-Playlet, which THE CAPITOL THEATRE has been successful in securing for TONIGHT, FRIDAY and SATURDAY.

It's an unusual attraction, one that has been playing the Big Time and New Castle will be repaid for seeing it here. Four people are in the act, the scene being laid in a municipal court.

It's a show in itself, but in addition, The Capitol offers Blance and Andy Devore, in "Little Bits of Big Hits", and Mike Galvin in instrumental offerings.

The picture is a feature product on, "Meet The Prince" a comedy you'll enjoy.

Come down to The Capitol tonight, tomorrow or Saturday night and get "Pinched". Come early to insure yourself a good seat. Matinee at 2:00. Evening shows, 7:00 and 9:00 p. m.

Frazier's Gentle Objection To Military Moves Surprises

By CHARLES P. STEWART
Exclusive Central Press Dispatch To New Castle News

WASHINGTON, Jan. 27.—Senator Frazier of North Dakota expressed it rather mildly, for him, when he only asked congress, a few days ago, to voice its "opposition" to the presidential dispatch of soldiers or warships to Mexico while the national legislature is in recess, without calling an extra session.

Last winter Senator Frazier proposed a constitutional amendment absolutely prohibiting war.

"Don't you mean offensive war?" I asked the senator, calling at his office to find out. "How are you going to prohibit some other country from starting one, and make it stick?"

* * *

"You never heard of a country admitting it was starting a war," rejoined Frazier. "They always fight defensively on both sides."

"But as a practical proposition," I urged, "what are you going to do if you're attacked?"

"No country," insisted the North Dakotan, "could possibly attack another country that already had prohibited itself from fighting back. It's unthinkable."

* * *

This really out-pacified the pacifists, the way congress looked at it.

How Frazier can be satisfied now with just a little gentle "opposition" to any warlike move on the president's part, without congressional approval, quite a few of his fellow senators say they can't see.

From some of the North Dakota solon's friends, however, comes the hint that his war prohibition move was only a gesture—he honestly meant it but didn't actually expect it would "take." Now, with the Mexican situation so acute, they say he's reaching out for as much as he genuinely thinks there's a chance he may get.

Frazier, be it remarked, doesn't admit there was any empty gesturing about his war prohibition amendment. He says it was the real thing. It's never too early, he adds, to begin to agitate for reform.

* * *

Though Frazier, perhaps, is a trifle more advanced than most, there are quite a few members of congress who confess they hate to quit and go home in March, with the Mexican outlook so uncertain.

Arbitration talk's in the air at the moment but Mexico, off and on, has been a worrysome subject too long for anyone to feel easy over anything short of a definite settlement of their differences between the Coolidge and Calles' governments.

Congress, as a whole, has been chary of finding fault with Secretary Kellogg's "firm policy" toward the regime south of the Rio Grande. Still, a good many hints have come from Capitol Hill that the lawmakers think it would be a good idea for the state department to watch its step. The senate foreign relations committee, by a big majority, has been particularly urgent as to the advantage of negotiations over force.

* * *

With congress on the job, Secretary Kellogg wobbles at least. He has days when he's firm but he inclined to yield a trifle.

But when congress adjourns, it's been noticed that he stays firm all the time.

Frazier's latest resolution stands little chance of adoption. He's an insurgent and the regulars, of both parties, couldn't afford to let him get away with such a thing. Nevertheless, there's considerable congressional sentiment to the effect that next summer's long vacation on the "hill" may be a risky period for Mexican-American relations.

The Lovely Paris Girls
Try what they use
By Edna Wallace Hopper

I have made 35 trips to Paris in my quest for beauty. I go there as regularly for beauty aids as dressmakers go for styles.

Every year I find girls prettier, women younger. And I bring back for myself and you the latest ideas and helps. All Edna Wallace Hopper's beauty aids, supplied by toilet counters, are kept up to date. I want them the best in existence.

My Youth Cream is one of them. It is more than a face cream. Several great complexion aids are embodied in it, including products of lemon and strawberry, and other important factors.

Youth Cream comes in two types—cold cream and vanishing. I use one at night, the other in the morning. Never is my skin without this cream to foster and protect it. My complexion at which millions marvel is largely due to that.

Please learn what my Youth Cream does. It will bring you an entirely new conception of face cream. Ask at any toilet counter for Edna Wallace Hopper's Youth Cream. Jars, 60c; tubes, 35c.

SALESMAN TAKES POISON

(International News Service)

CHICAGO, Jan. 27.—Roland Perry, 40, a prosperous salesman, died here early today from the effects of poison, swallowed when a detective entered his hotel room last night to arrest him for alleged bigamy.

Mrs. Perry, from her home in Rochester, N. Y., last week wired local authorities concerning a mysterious telegram which accused her husband of marrying Jane Abel of Woodstock, Ill., in 1923.

After an investigation Detective Harvey Parrish went to Roland's hotel to serve a warrant. The officer forced the door open in time to see Perry swallow the fatal potion.

ONE PAIR OF TROUSERS.

WAURIKA, Okla., Jan. 27.—Two boys attending a rural school in the Red river section took turn about week by week in the classroom. Nothing was said as long as their records were perfect but when both were absent of a Monday an investigation followed. One of the brothers had tumbled into a mudhole during his Sunday privilege of wearing the one pair of trousers they possessed. It took all day Monday for them to dry.

Sterrett Will Make Address

Well- Known Erie County Sheriff To Speak Here On February 22

LEGION PLANS FOR BIG CELEBRATION

Sheriff Thomas G. Sterrett of Erie, Pa., known over the entire country for his unusual methods of campaigning and for his talent as a newspaper paragrapher, has accepted the invitation of Perry S. Gaston Post, No. 343, American Legion, to be the chief speaker at the Washington Day dinner to be held here February 22.

In a letter received today from Hon. Joseph M. Schilling, representative in the General Assembly from Erie county, he stated that he had asked Sheriff Sterrett to come to New Castle on February 22, and that he had accepted.

Sure of Real Speech

The acceptance of Sheriff Tom Sterrett assures the guests at the Washington Day dinner of a real speech, for the ex-Marine is as witty a speaker as he is a writer.

He has had a most colorful career. Son of a wealthy man, he chose to enter the service of the United States Marines as a young man, and during the regime of President Theodore Roosevelt Sterlett was his personal orderly on board the Mayflower. During the World War he was a major in the U. S. Marine Corps and served with distinction.

After the World War he entered the newspaper field in Erie and soon made a name for himself through his unusual utterances. About 18 months ago he entered his name as a candidate for the sheriff's job of Erie county, more to use the experience for his column than for the purpose of being elected.

The people of Erie county took him seriously and elected him, and in that county he is immensely popular. New Castle and Lawrence county folks will have the opportunity of hearing him on February 22. In addition there will be a program of splendid entertainment.

A Simple Application That Dissolves Blackheads

No more squeezing and pinching to get rid of those ugly blackheads. Get a little Calonite powder from any drug store, sprinkle a little on a hot, wet cloth, rub over the blackheads, and in two minutes every blackhead will be dissolved away entirely.

Activities In Schools Of West Pittsburg

(Special To The News)

WEST PITTSBURG, Jan. 27.—The Squad Leaders' Club held its election of new officers last week. An interesting program followed the business meeting. Membership of the club is composed of pupils who are doing superior work in health and physical training classes. New members are chosen by ballot after being recommended for membership by the teacher. Therefore the honor of becoming a member of this club is extra incentive for good work in class.

An arithmetic contest between the fifth and sixth grades resulted in a victory for the sixth. Object of the contests is to review the fundamental operations. Great interest and rivalry is shown by the two classes.

The first ensemble rehearsal of the school orchestra was held a short time ago. As a result of small beginnings many pupils are becoming interested in learning to play orchestral instruments.

The regular meeting of the Junior Citizens [illegible] (eighth grade) was held last Friday. The program for this week's meeting has been prepared with especial care as members of the seventh grade are to be guests of the club.

Classes in physical training have taken up basketball and will be ready to meet other teams soon. Progress has been delayed somewhat because the permanent equipment is not yet installed in the gymnasium.

The end of another report period is at hand. Pupils whose marks do not show improvement could consider whether or not they are putting their very best efforts. It is a duty of parents to see report cards and discuss marks with their children. Experience has shown that interest at home is a great incentive to better work at school.

New Reducing Class Begins Next Week

Y. W. C. A. New Term Reducing Classes Start February 2 And 3

Wouldn't you like to lose ten or fifteen pounds? Or 20 pounds? You can't realize how much better you would feel if you lost some of that surplus weight. Just ask one of the many women who have attended these classes about the improvement in their physical condition.

One not only feels better but looks better. What woman does not want to be proud of her posture? Yet how few women are proud of their figure. A well balanced body is something to be proud of and it can not be had for the asking. A well poised body requires much thought and exercise. You can secure these correct exercises under supervision at the Y. W. C. A. Good posture designates good muscles and good muscles signify good health.

So join the "Y" reducing class and replace that fatty tissue and those flabby muscles with firm tissue and compact muscles.

New term in the morning class begins next Wednesday, Feb. 2 and the evening class begins next Thursday, Feb. 3. We can accept only a certain number, so call us now. 748 is the number.

A stitch in time saves nine. Take that stitch now.

HOUSEHOLD HINTS
BY MRS. MARY MORTON

MENU HINT

You may not feel like eating a great deal in the morning, but it is important for most of us to have an easily digested meal that is fairly hearty. The buckwheat cakes recipe is somewhat different and may be just what you have been looking for.

Stewed Prunes Cooked Cereal
Buckwheat Cakes with Honey or Syrup
Coffee Milk

TODAY'S RECIPE

Stewed Prunes — For the older housewife stewed prunes are such an old story that they can be made with "one hand tied behind her," as the saying is. For the bride the procedure is not familiar and mother or her cook book may have neglected to tell her just how it is done. Wash one pound well, then put to soak in enough cold water to cover. In the morning put on to boil and cook gently until tender, add one-half cup sugar or less, according to your sweet tooth.

Buckwheat Cakes — One quart sour milk, one teaspoon salt, one tablespoon white flour.

Thicken with buckwheat flour, one teaspoon soda dissolved in boiling water added. Better if allowed to stand a few minutes in a warm place.

SUGGESTIONS

Roll In Towel

When laundering fine materials, such as georgette and crepe de chine, wrap while still damp in a Turkish towel and let stand until they are the right dampness for ironing. The material will keep its color longer if this method is employed.

Use Tape

A mother writes that having three children under school age she found she spent too much time sewing on buttons and snaps. She solved the problem by making the girls dresses with trimming of contrasting shades of bias tape, using a piece long enough at the neck to have ties which are tied in little bows. Put a piece of tape under the arm of kimono sleeve dresses, as it keeps the material from tearing.

Ironing Embroidery

A small ironing board that is used for little else is nice for ironing fancy linens and embroideries. Cover it with an old Turkish towel tightly bound with a strip of muslin.

Sprinkle Flour

A small aluminum shaker (about four inches high) which may be purchased at the 10 cent store is very handy for holding flour to use for sprinkling cake pans or anything else that needs a dusting of flour.

Fig Cake

Here is a recipe for fig cake which is very good and not too rich. The figs make it especially healthful for children. Put through the food chopper one cup of raisins and six figs; then pour one cup of hot water in which one teaspoon of soda has been dissolved over chopped raisins and figs.

Let stand while you prepare one cup sugar, one-half cup shortening, two eggs and two cups of flour. Mix all, stir well and bake in two layers. A half cup of chopped nuts may be added if desired but you may prefer to use them in the filling.

McCall Brought Back To New Castle

William McCall, captured by the Cleveland police authorities, charged with running away with funds with which he had been sent to the bank to deposit, was brought back to this city last night by Constable James Ellison.

He was taken before Alderman William E. Marshall, where a charge of embezzlement preferred against him by J. G. Burckhart, manager of the City Market on West Washington street, of which Jacob Kulkin is the owner, was read to him.

In default of $1,000 bail, he was remanded to the county jail to await a hearing on Friday afternoon at two o'clock.

Interesting Problem.

The population of the whole world is 17 times the population of the United States. But, altho we spend as much on education as the rest of the world combined, about 6,500,000 Americans over 10 years old can neither read nor write, and a third of these illiterates are born in America. How do you figure it out?

Light literature is all right—unless it's gas bills.

See Reed As Candidate For Nomination

Missouri Senator Is Potential Candidate For Presidency

SUCH IS OPINION OF PARTY LEADERS

By GEORGE H. MANNING
(Washington Correspondent of The News.)

WASHINGTON, D. C., Jan. 27.—Senator James A. Reed of Missouri is a potential candidate for the Democratic presidential nomination. His speech in New York last week undoubtedly put him into the contest that will shortly get under way and continue until the next Democratic national convention has selected the standard bearer of the party to make the race for president in 1928.

While the Missouri senator denies that he has any presidential aspirations and has on more than one occasion declared that at the end of his present term in the senate it is his desire to retire to private life and renew the practice of law, Democratic politicians at the national capital interpret his recent utterances in New York as a distinct lead for the Democratic nomination for president whether he intended it so or not.

It is significant that William Hearst, after Jim Reed's New York speech, came out in an editorial praising in the very highest terms the sentiments and views expressed by the senator from Missouri and commending them to the people of the nation. It is known that for a good many years the New York editor and publisher has regarded Senator Reed of presidential caliber and would have thrown all his influence behind any movement that had for its object the nomination of Senator Reed for president. Senator Reed's open antagonism to the administration of President Wilson and the League of Nations prevented any chance of his being selected to make the race for president on the Democratic ticket in 1920 and 1924. But the country, on more than one occasion since President Wilson's two terms, has shown in no unmistakable manner that it would not approve of any foreign entanglements on the part of this government and has endorsed the stand taken by Senator Reed, at the time distasteful to a majority of his Democratic brethren.

Friends of Senator Reed now argue that his stand against the League of Nations and the world court has made him friends in the ranks of Democracy and independents in all sections of the country and that a campaign along this line would result in Republican as well as Democratic supoprt for his standard.

The views of Senator Reed on the prohibition question are well known to every man and woman voter in the nation, his supporters contend, and they declare that there would not be a state in the union with "wet" tendencies which would not rally around him in a presidential race in which the liquor question promises to be one of the most important to be settled by the voters.

The backers of Senator Reed's candidacy for presidential honors points to the fact that Senator Caraway of Arkansas, a pronounced "dry" has already named him as the Democratic standard bearer in a speech in the senate. This attitude on the part of one of the leading politicians in the south, is regarded as significant as Senator Caraway had already declared that there would not be a single state in the south which would support the candidacy of Governor Al Smith of New York for president. Senator Caraway's utterances are taken here to mean that if Senator Reed remains in the race he will be assured of the support of a majority of the delegates from the south to the next Democratic national convention.

Many years ago when the late Speaker Champ Clark of Missouri was a candidate before the Democratic convention at Baltimore which nominated Woodrow Wilson for president, the name of Senator Reed was prominently spoken of as a compromise candidate. The Missouri senator at that time, however, was heart and soul for the selection of Mr. Clark and did everything in his power to secure his nomination at Baltimore. He discouraged the mention of his own name as a presidential possibility, preferring to cast his lot with Missouri's favorite son at that time.

Senator Reed is regarded as one of the best debaters and one of the greatest orators in the upper branch of our national legislature. There is nothing he likes better than a rough and tumble word battle with one or more of his colleagues in the senate. On the stump there is no more forceful speaker than is he. He is never at a loss for a word or a sentence and his sharp pointed darts and sarcastic phrases go straight to the mark.

If fortune is kindly to him and he is named to make the race for president on the Democratic ticket next year, it is conceded by all that the campaign he would conduct would be charged with fireworks and brimstone such as has not been heard or witnessed in the memory of the oldest politicians. His opponent, whoever he might be, would long for election day, watching for the result after the smoke of battle had cleared away.

Senator Reed may not eventually be the choice of the Democracy for president, but from now on his followers throughout the country are going to regard his New York speech as a signal from him that he has "thrown his hat in the ring".

Parking Problems Is Up To Drivers

Should Use Judgment As To Amount Of Space To Be Utilized

Courtesy in driving has been the subject of many active campaigns. It is the opinion of B. N. Hanlon of the New Castle Motor club, that parking is causing the greatest lack of courtesy in New Castle, as well as in many of the other cities thruout the country. If every one would be considerate of others when he parks his car there would not be so much trouble finding parking space.

"The parking problem is one of the most acute the motorist faces," says Mr. Hanlon. "It formerly was true only in the large centers, but now even the business district of the small community is offering a perplexing problem to the motorist who needs a place to leave his car while shopping.

"If the motorist simply could and would be unselfish about utilizing available parking space, it would be of tremendous advantage to his fellow car owners. Parallel and angle parking offer vital differences in this respect as every motorist probably already knows.

Angle parking usually represents an enormous waste, merely because motorists do not use it to the best advantage. In a survey conducted by the American Automobile Association in many large cities, it was found that an average of ten parking places in each block were not available simply because those cars already packed had taken much more room than was necessary. In New Castle, the average would be around three to five cars."

Hanlon states that it is just as unfair to crowd so close to another car that its owner cannot enter it without climbing over the fenders, but that there is a half way point that could be met, and help every one who drives a car. "One can park as courteously as one can drive."

Linesville To Be Without Trolleys After February 1

LINESVILLE, Pa., Jan. 27. Approval by the Public Service Commission of the application to abandon that part of the Northwestern Electric Service Company's lines extending from Harmonsburg to Linesville has resulted in the announcement that service will be discontinued on and after February 1.

A hearing of the abandonment was held at Erie on January 15, at which time the Commission approved the petition. The Northwestern Company cited that the line had been a losing proposition financially for some period and that the territory in and around Linesville was adequately cared for by the motor coach line between that town and Meadville.

Trolley cars will be operated into Harmonsburg and Conneaut Lake Park as usual, it has been said, the abandonment affecting only the six-mile stretch west of Harmonsburg.

Kiwanis Club Is Given Bell

Musical Program Is Enjoyed At Weekly Meeting Of Club

A bell of clear tone and beautiful design was presented to the Kiwanis club by President Rev. C. J. Williamson and was received with a unanimous vote of thanks by the club at the weekly luncheon held in the Y. M. C. A. on Wednesday.

The securing of a piano for the use of the Kiwanis club was discussed and it was referred to a committee to investigate concernig the purchase of a suitable piano.

The program which consisted of selections of music was in charge of the chairman of the musical committee, Harry Hammond and a treat of musical numbers was rendered so pleasingly that it was regretted that the hour ended to quickly.

The program as presented was:

Piano solo, "Moonlight on the Ganges"—Otto Pearsall.

"The World's Waiting for the Sunshine."

Tenor solo, "I Pass by Your Window"—David Reese.

Duet, "Show Me the Way to Go Home"—Howard and David Kimmel.

"Five Foot Two."

Baritone solo, "Asleep in the Deep"—Harold Ramsey.

Banjo solo, Harry Shepherd accompanied by Archie Cubbison.

Mandolin solo, Archie Cubbison accompanied by Harry Shepherd.

Violin solo, Jack Kinter.

The feature of the program was the duets sung by Howard and David Kimmel the 6 and 9 year old sons of C. F. Kimmel. The boys sang two selections "Show Me the Way to Go Home" and "Five Foot Two," the older boy accompaning with a ukulele. The last piece ended with both youngsters accompanying the song with a dance.

Transfer Holdings Of Gas Company

(Special To The News)

MERCER, Pa., Jan. 27.—The transfer of the holdings of the New Wilmington Gas company, organized in April of 1922, to the Union Heat & Light company of Grove City has been sanctioned by the public service commission of the state and the transfer of the property formally taken place, it is announced by the officers of the selling company.

The selling company turned over by its deed leases on 28 tracts of land totaling 2,000 acres, its pipe lines from its fields located in Springfield and Liberty townships of this county to Volant and New Wilmington and all of its appurtances of business.

The sale was consummated on November 26, 1926, subject to the transfer by the public service commission which came on for hearing before that body on December 8.

The sale affects 40 stockholders of the New Wilmington company. The officers of the company are: William Garrett of New Wilmington, president; H. M. Garrett of that town, vice president; H. C. Johnson of Mercer, secretary and general manager; H. T. Getty of New Wilmington, treasurer.

This group of officials with V. L. Johnson of Mercer constitute the board of directors. The company is an active concern and has enjoyed a period of splendid success in business. The price paid is not stated.

Five-Day Week Is Advocated At Miners' Session

(International News Service)

INDIANAPOLIS, Jan. 27.—Miners are wondering today how far the five-day week will get in the recommendations to be made by the scale committee of the United Mine Workers of America, in convention here, which must report on a scale of wages and working conditions within 10 days.

Strong advocacy of the five-day week in industry by William Green, president of the American Federation of Labor, and formerly international secretary-treasurer of the United Mine Workers, will have an influence on the miners, it was indicated today by gossip in the lobby of the convention hall.

President Green is scheduled to speak to the miners before the convention adjourns. Harry Fishwick, president of the Illinois miners, succeeding Frank Farrington, who is now connected with the Peabody Coal Company of Chicago, is chairman of the convention scale committee.

Fishwick refused to commit himself on the probable action of the scale committee in reference to the shorter working day and other scale demands.

"We don't know for certain what we will do until we get down to work", Fishwick said. "All these questions will receive the greatest consideration and whatever is done will be for the best interest of the man swinging the pick."

Hundred Flee Fire In Media, Loss Is $75,000

(International News Service)

MEDIA, Pa., Jan. 27—More than 100 persons fled into the bitter cold early today when a block in the business section of this city was swept by a $75,000 fire.

Most of the persons routed were guests at the historic Charter House hotel.

The flames originated in the rear of the Levin Brothers' Auto Supply company's building and spread to the Media Title & Trust company, then to a barber shop, a cigar store and the hotel.

The bank was damaged only slightly while the hotel suffered more than $1,000 damages.

Firemen were hampered by frozen hydrants and the sub-zero temperature.

The auto supply structure, the barber shop and cigar store were a total loss.

Protesting that women are shown preference over men on entering the postal service, Boston Local No. 100 of the National Federation of Post Office Clerks has launched an endeavor to end the alleged discrimination.

Some are seeking a peaceful paradise when they ought to be looking for a place to work.

Bad Stomach For Years, Now Has New One

"My stomach was bad and I suffered terribly from indigestion. I began to take Adlerika and feel like a new person. My bowels and stomach have improved wonderfully."—E. Huber.

Unlike most medicines, Adlerika acts upon BOTH upper and lower bowel, giving the intestines a REAL cleansing and bringing out old poisonous matter you never thought was in your system. Even if bowels move daily, you will be surprised how much more old matter Adlerika brings out which may have been causing all your trouble. In slight disorders, like occasional constipation, GAS bloating, indigestion or sick headache, ONE spoonful always brings relief.

Adlerika is a compound of the best saline intestinal cleanser with glycerine, buckthorn, cascara and other gas-expelling and detergent elements. It is excellent for Intestinal Stasis, a disease due to modern ways of living and which is often the true cause of sour stomach, GAS bloating, nervous dyspepsia and restless sleep.

Doctors Praise Adlerika.

Dr. H. L. Shoub, New York: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal bacteria."

Dr. A. C. Curl: "I prescribe Adlerika with highly satisfactory results."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated from my system."

Dr. F. M. P. (name withheld by request): "I use Adlerika in all bowel cases. Some require only one dose."

No matter what you have tried for your stomach and bowels, Adlerika will surprise you. At leading druggists. In New Castle at Love & Megown's.

Your Income Tax

Income Tax in a Nutshell:

WHO? Single persons who had net income of $1,500 or more or gross income of $5,000 or more, and married couples who had net income of $3,500 or more or gross income of $5,000 or more must file returns.

WHEN? The filing period ends March 15, 1927.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Forms 1040A and 1040; also the law and regulations.

WHAT? One and one half per cent normal tax on the first $4,000 in excess of the personal exemptions and credits. Three per cent normal tax on the next $4,000. Five per cent normal tax on the balance of net income. Surtax on net income in excess of $10,000.

No. 10.

With a certain proviso compensation paid by a state or "political sub-division thereof" such as a county or city, to its officers and employes is not taxable income. The proviso is that the services of such officers and employes must be rendered in connection with the "essential government functions of the state or political subdivision" as distinguished from its proprietary functions. The salaries of the governor of a state mayor of a city, councilman, board of aldermen, public school teachers policemen and wiremen are not taxable. But the compensation received by employees of waterworks owned and operated by a municipality or of a municipally owned and operated street railway is taxable for the reason that they are engaged in the activities of a state which are not governmental.

Fees for special services to a state are taxable as for example compensation paid architects and builders for planning and erecting a state capitol, courthouse or other state or municipal buildings. An officer or employee of a state for the purpose of the income tax law is one whose services are continuous and not occasional or temporary.

In general the salaries of federal officers and employes are subject to the income tax. The salaries paid federal judges are not taxable tne United States Supreme court having so decided.

Compensation paid by the District of Columbia, Alaska and Hawaii to its officers and employees is taxable income as they are not states or political subdivisions thereof.

Almost Wild With Eczema

Happy To-day

When the dreadful itching of eczema drives you frantic and you are praying for relief you need Peterson's Ointment.

Make no mistake—many thousands who have turned to this tried and true ointment as a last resort have ended all the terrible misery so quickly that they blessed the day they bought the first box.

Because it acts so quickly millions of homes consider Peterson's Ointment a necessity.

It's so wonderful for skin eruptions, pimples, acne and salt rheum, for instance, that many times only two or three applications are needed to make the skin clear and healthy.

Its mighty healing power is clearly shown when used for ulcers, piles and rashes, while as a household remedy for burns, scalds, abrasions, bruises, insect bites, windburn and chafing, druggists will tell you it is unsurpassed. Big box 35 cents.

Second Semester Starts In Bessemer Schools

(Special To The News)

BESSEMER, Pa., Jan. 27.—With new vim and determination Bessemer schools begin a second semester. The old one is over and completed except that the honor students are yet to be named. A few classes are being changed and several of the students are changing to new activities. Aside from these minor shifts the second semester work will be carried on about the same as the work for the former term.

Those qualified for the "honor roll" have won their places through hard work and patience. To be an honor student of the senior high it was necessary to have as a semester average S's in four subjects with every other mark M or over. To be an honor student of the junior high it was necessary to have at least five S's as semester averages and nothing else below an M. Those who attained this honor are:

Seniors—Maurice Levinson, Harold Swanson, Ralph Sepic.

Juniors—Hettie Crum, Harry Howard, James Williams.

Sophomores — Tony Capezutto, Helen Eakin. Anna Rocco.

Freshmen — Jacob Levinson, Mildred Olson.

Eighth—Joseph Wolfe, Jane Gilmore, Frances Griffin, Mary Seitl, Eleanor Throop, Leona Van Tassel.

Seventh— Lila Corpi, Ellen Yarvin.

As one of the interesting numbers on our Lyceum Course "Strongheart," the Indian lecturer, gave a talk on the Indians' moral and domestic life. Such a discussion from one who had experienced all that he told was thoroughly appreciated by the audience.

A minstrel show was presented in the High School Auditorium, on Tuesday evening, January 25th. The members of this show were chosen from Bessemer, Mt. Jackson, and the nearby communities. A large crowd attended and the people were well pleased with the evening's amusement.

Friday night the boys and girls varsities of the local school go to Darlington to chalk up two victories.

Next week will mark the beginning of the girls' class team tournament. Girls from the varsity have been chosen to coach the teams. All games will be played during the noon period.

Everyone will want to see Thomas Meighan play in the interesting drama, "Tin Gods." The movie will be shown in the auditorium Saturday night of this week. Come and see a good show at a reasonable rate.

The "Rolling Pin Club," which is under the supervision of Miss McLaughlin is having a "Doughnut Sale" next Tuesday at 4 p. m. This club is famous for the delicious doughnuts that its members make; don't forget to try them. The sale will be held in room No. 1, immediately after school Tuesday evening.

Work on the Literary Contest is steadily progressing. The members of the debate team have been definitely chosen. Bessemer debaters are working up the negative side of the question. The members of the team are: William Seltzer, Dorothy Winland and alternate Harry Howard.

Last September the Board of Education of the Bessemer Schools decided to add a kindergarten to the school at the beginning of the second semester. On Tuesday, February first, the classes in the kindergarten will be enrolled. It have been decided to have two sessions each day the first starting in the forenoon at 9:00 and ending at 11:45; the second from 1:00 p. m. until 3:45. Miss Mary Sepic who is completing her work at Slippery Rock Normal School this week has been secured as a teacher. The expected enrollment is about 60 pupils.

Two Minor Accidents Reported To Police

Ralph Weide, 1132 South Mill street, was driving north on South Mill street at the Mill street bridge according to the report made to the police Wednesday, when he was in a collision with a car bearing Pennsylvania license 255-234 going east on South street and crossing Mill street. A street car going south on Mill street obstructed the view of the motorists and was the cause of the accident. There was some damage.

Fred Dugan of 607 Croton avenue reported Wednesday that he was going north on North Mill street and making a left hand turn on Falls street when it swung around and struck a Buick touring car, the number of which was not secured, doing some damage.

Stolen Automobile Found In Youngstown

Automobile of Scott Cox of 1006 Woodlawn avenue, this city, which was stolen from the Whitten garage on the north hill on January 19, was recovered in Youngstown yesterday, according to the report made to the police station.

1927 Robin Hood Asks For Bible

When Arrested He Admits He Robbed The Rich To Give To The Poor

SPRINGFIELD, Ill., Jan. 27.—A modern "Robin Hood," without yeomen but who acts as his own Friar Tuck, was held in city jail the other day. His first request was for a Bible.

Hardened policemen who knew the man faced 107 charges of burglary, in St. Louis, Clayton, Mo., and here, were amazed. The police station contained no Bible, but the Salvation Army supplied one.

He had robbed the rich of thousands of dollars and given most of the money to the poor.

This is the story the prisoner, Louis Glassman, twenty-four, a St. Louis burglar who asserted his father owns part of a factory in East St. Louis, told the police:

"It means a lot to those poor souls to have a little coal or food.

"I read the Bible every day and aithough I've got 107 larcenies and burglaries against me in St. Louis, the things I gave to the poor will outweigh my sins. I'll go to heaven I believe.

"I didn't need money. My father owns part of a fatory in East St. Louis, and my brother-in-law is a gambler. They would have given me money. So I saved enough just for clothes and a few bucks in my pocket, and gave all the rest, thousands of dollars, to the poor.

"When I was in Clayton I had my own Bible. I read a chapter a day. It helps me to realize everyone has a duty—to take care of folks who are in need." And, he concluded, he does not smoke.

East Side Woman Has Begonia Plant Over Six Feet High

Mrs. F. E. Florida of 612 East Main street has an unusually large begonia in her home. The plant which is about two years old has reached a height of 7 feet, 6 inches. Besides growing so tall the plant has a beautiful foliage.

WOMEN FIGHT BEST AFTER 60, SAYS ONE WHO FOILS ROBBER

SPRINGFIELD, Ill., Jan. 27.—"Women don't know how to fight until they're 60", declared Mrs. Henry Lichtig of Chicago, who beat off a young man in a downtown street last night when he demanded her purse. Although knocked down, she held so firmly to it that the robber was forced to flee empty-handed. She refused to tell what was in the purse, but insisted it was "worth protecting".

Thaws Out Water Pipes; House Damaged

Zigmond Kolas of Sharp street found that his water pipes were frozen yesterday and decided that he could do the job of thawing them out as well as the next person.

He accordingly started a fire under the sink, where the pipes were frozen, using papers. The water was thawed out all right, but the house was also on fire when he got through and the firemen were called by an alarm from box 58.

It cost him just $150 in the way of damage to the house to do the little job of thawing out the water pipes.

Cancer Specialist Praises Press Fight On Dreaded Disease

(International News Service)

BALTIMORE, Md., Jan. 27. — The newspapers' part in the fight on disease, was praised today by Dr. Joseph Cold Bloodgood, cancer specialist of John Hopkins Hospital.

Prejudice by physicians against having their opinion printed in the newspapers as a matter of professional ethics is mistaken, in the opinion of Dr. Bloodgood.

"I turn to the press in the fight against cancer, and against all other diseases," said Dr. Bloodgood. "As a medical man I am not afraid of the press. I am perfectly willing to compete with the quack doctor for front-page space any day. The trouble is that too often honest medicine can't get on the front page.

"In my work at Johns Hopkins I am in a position to see what the education of the public is doing. Due to the spreading of sound advice concerning the teeth, excessive use of tobacco and stimulants, seventy per cent of the possible cancerous patients who come to us arrive in time to save themselves from actual infection. In the days before newspapers were spreading health education less than three per cent came in time.

"Bad teeth are the most common cause of breakdown. Let the press advise every man and woman over forty years of age to have their teeth examined and X-rayed at least twice a year," Mr. Bloodgood continued, "as the press has in its own hands the medium to give the public information that will cut deeply into the nation's death rate.

Dr. Bloodgood returned to Baltimore Monday from Chicago, where he attended a conference of the cancer specialists of Illinois. He addressed the gathering several times.

Butler Cow Makes New High Record

For the third time on three successive lactations Purity's Dairy Lass, a persistent Jersey producer in the herd of J. S. Campbell, Jr., of Butler, Pa., has made an exceptionally high record. In her latest official test, started at 7 years and 11 months of age, Lass produced 838.73 lbs. of butterfat and 17743 lbs. of milk in 365 days. In her best month her production reached 103.83 lbs. of butterfat, while for three consecutive months her yield exceeded 90 lbs. of fat per month.

When first tested at 5 years of age, she produced 811.06 lbs. of butterfat and 18013 lbs. of milk in 365 days, winning a Gold Medal, and at 6 years of age she yielded 722.02 lbs. of butterfat and 14912 lbs. of milk in 365 days, winning her second Gold Medal.

Rome Plans To Abolish Cabs

(International News Service)

ROME, Jan. 27—The well-known horse-drawn cab, popularly called a "Botticella" and a favorite means of conveyance for tourists in Rome, will rarely be seen in Rome in a few months time.

New municipal chief have decided that traffic is impeded by the cab, and it has to go. Of two-thousand licensed last year only a few hundred will be given new licenses.

Smoke Scare Is Fire Alarm Cause

C. W. Crawford, 605 McCleary avenue, smelled smoke about the sink of his place of residence yesterday and being unable to determine the cause called the firemen. An alarm from box 69 called the firemen to the scene. The firemen could find no fire. There was no loss.

Capt. Woodside Gets Appointment

Former Commander Of V. F. W. Is Made Deputy Auditor General Of State

Captain Robert G. Woodside, former sheriff of Allegheny county, and former national commander of the Veterans of Foreign Wars, has been made deputy auditor-general in charge of disbursements it was announced today from Harrisburg, Pa. Captain Woodside is a Pittsburgh man and well known in New Castle, having attended a number of affairs of a military character here in the past few years.

Captain Woodside succeeds Charles Johnson, who resigned as deputy in charge of disbursements to become secretary of the commonwealth.

The appointment of Captain Woodside is thought to be the first step towards his candidacy for the position of auditor-general, at the end of the term now being served by General Edward C. Martin of Washington, Pa. As deputy, Captain Woodside will have charge of all disbursements in the office and will be put in touch with representative men and women of all parts of the state.

For a time it was thought that he would be made secretary of highways. When this office was given to another Pittsburgher, John L. Stuart, Captain Woodside was suggested for a deputy-attorney generalship, but refused. His salary as deputy auditor general in charge of disbursements will be $7,500.00 per year.

GIRL FAINTS TO ESCAPE DRIVER

ROCHESTER, Jan. 27.—Here's one to try on the boy friend—especially if he gets too fresh.

With sirens blowing, a sheriff's car loaded with deputies and an ambulance from General Hospital raced to aid a girl reported lying unconscious in the snow a few miles from the city line. She was found in a hotel where she had been carried still unconscious by a passing motorist. Ambulance attendants rushed her to the city while deputies searched for her assailant.

Reaching the hospital the unconscious girl made a quick recovery and walked to her home a few doors away without assistance. Hospital authorities said she admitted feigning her condition to escape the attentions of a youth who had taken her riding.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but it beats them all for quick results.

Thousands of housewives have found how to save two-thirds of the money usually spent for cough preparations, by using this well-known old recipe for making cough syrup. It is simple and cheap but it has no equal for results. It gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex from any druggist, pour it into a pint bottle, and add plain granulated sugar syrup to make a full pint. If you prefer, use clarified honey, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guaiacol, known the world over for its healing effect on membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Women Employes Of P. O. Company At Dinner Event

Women employes of the Penn-Ohio held a dinner meeting at the Y. M. C. A., Youngstown, Tuesday evening under the auspices of the Women's Committee in co-operation with the National Electric Light Association. One hundred and fifty of the women employed by the electric power and light system were present from Youngstown, New Castle, Sharon, Greenville, Salem, Lisbon, Leetonia, Canfield and other sections of the territory served by the Penn-Ohio.

Dinner music was furnished by the Youngstown Municipal Railway orchestra under the leadership of Steven Carroll. John T. Harrington, president of the P.-O., told of the advance of women in all lines of business and of their importance in carrying on public utility work today. C. S. MacCalla, vice president and general manager, sketched the early history of utility development in this section, its rapid development and told of the work and organization of the system, stressing the importance of the women's work in it especially with regard to the development of a thorough understanding by the public served of the service rendered to them.

IMPORTANT RULE MADE IN COMPENSATION LAW

PHILADELPHIA, Jan. 27.—In a case involving the scope of the workmen's compensation law, the supreme court upheld the lower courts here in an award of $35,000 damages for injuries to the workman employed by a subcontractor against the principal contractor.

The opinion regarded as of great importance in interpretation of the law, was handed down in the case of John Gallivan, a mechanic, in his suit against the Wark company, principal contractors on a building where Gallivan was injured in the course of his work in 1925.

GIRL JOLTED OFF TRAIN LIES FLAT BEWEEN RAILS AS CARS PASS OVER HER

JEANETTE, Pa., Jan. 27.—Jolted from a car while climbing across a freight train which was blocking the tracks here yesterday while she was on her way to work Miss Jane Nesbit of North Jeanette had a narrow escape from death as the train started.

Warned by two companions to lie still the young woman lay under the cars while they passed over her. After the last car passed companions ran to her aid and found her uninjured.

Miss Nesbit and her companions are employed at the Pennsylvania Rubber company and fearing they would be late had climbed over the cars. Her two companions were successful.

LATROBE, Pa., Jan. 27.—With wounds in his neck and arm Dominick Shyew 21, is in the Latrobe hospital, and police are searching for his stepfather. The two became involved in a quarrel in their home last night and the cutting followed.

Things to Know Before Baby Comes

THE expectant mother's comfort and well being is very important. And one of the most important things for her to do is to use Mother's Friend to keep the skin and muscles soft and pliable—thus aiding the tissues and muscles to relax and adjust themselves to the changes during motherhood. Mother's Friend is the formula of an eminent physician and has been used by expectant mothers for *over three generations*. No woman awaiting the *joy* of motherhood should allow the days to pass without using Mother's Friend.

Mrs. Laura Hendrix, Gracemont, Okla., writes: "I used Mother's Friend with all my babies and I think it is the grandest help that has ever been discovered for expectant mothers. I can't say too much for it."

Mother's Friend is safe for you to use because it contains no harmful drugs and is applied externally.

Mother! Insist on Mother's Friend—the same as used by our mothers and grandmothers—don't wait—start using tonight—and meanwhile write Bradfield Regulator Co., Dept. 81, Atlanta, Ga., for free valuable booklet "Motherhood and the Coming Baby" (sent in plain envelope). It tells how Mother's Friend can help you during expectancy and at childbirth. This booklet also tells you many other things you want to know. "Mother's Friend" is sold by all druggists—*everywhere*.

HANDS UP!

A crook is a crook even in "Paradise," and the most cowardly of them all is a crook who without compunction, shoots his fellow criminal in the back, so that he might make his own get-away in safety and enjoy the loot he has unlawfully acquired.

An ancient flivver may be destined for the scrap pile, but it sometimes proves the can opener to a fortune for the possessor—that's what happened to the discoverer of a gold mine in "Paradise."

Finding a gold mine is one thing, but holding it is another as he found when a girl claimed it as her property—that's why they become "Pals in Paradise."

When a woman calls a man harsh names, he should beware—she probably will marry him later, then—but real pals find life a paradise.

Miss Rhodes Has Difficult Role In "Bimbo" Play

Mary Elizabeth Rhodes To Sing Three Catchy Numbers As Agnes McNally

Mary Elizabeth Rhodes daughter of Attorney and Mrs. James W. Rhodes of Highland avenue, will portray the part of Agnes McNally, skirt drummer and who sells feather bloom gowns in the Veterans of Foreign Wars play "Bimbo" to be staged tonight and Friday at the Scottish Rite Cathedral.

Miss Rhodes has one of the most difficult roles in the play and takes the lead opposite Hiram Budd played by Louis Jenkins. Miss Rhodes while new to the stage is advancing quite rapidly and is sure to please the audience with her portrayal of the character to which she has been assigned.

In connection with her part in the cast Miss Rhodes features three very catchy numbers "Romance Land," "My Lady's Dress" and "Same Sort of Love." The young girl possesses a fine contralto voice and her numbers are sure to please.

The ommission of the name of Miss Rhodes from the writeups in the Wednesday edition, was in no part the fault of the News. The written material was submitted by the committee in charge of the production.

Twenty Eight Heroes Are Given Carnegie Medals

(International News Service)

PITTSBURGH, Pa., Jan. 27.—Carnegie hero medals were sent today to twenty-eight heroes, or their survivors, in eleven states and Ontario and British Columbia. The Carnegie hero fund commission at its twenty-third annual meeting here awarded three silver medals and twenty-five bronze medals.

California led the list with six awards; Pennsylvania, Washington and Ontario, 3 each; Illinois, Michigan, New York and Oregon, 2 each and Arkansas, Missouri, Montana, Texas and British Columbia, 1 each.

Ten of the heroes lost their lives and to the dependents of four of these pensions aggregating $3,600 a year were granted; to the defendents of six of these $3,000 was granted to be applied as the commission may sanction.

Mrs. Martha Young Dies In Nebraska

Former Resident Of This City Passes Away As Result Of Auto Accident At Lincoln, Neb.

Mrs. Martha J. Young aged 83, died in the hospital at Lincoln, Neb., on Thursday, January 6 as the result of injuries received on December 21 at Milford, Neb., when she was struck by an auto while returning to her home from town, according to word received here.

Mrs. Young was born in New Castle May 22, 1843, and spent her early years in this city. She was married to Lewis E. Young on May 2, 1860. To this union one child was born. Mr. Young was killed in the Civil War. In 1866 Mrs. Young was united in marriage to John Johns.

The following children survive: Mrs. Con Scholl of Milford, Neb., Mrs. T. A. Hickerson and Mrs. W. D. Rowden both of Lincoln, Neb., also 28 grandchildren, 42 great grandchildren and one great, great grandchild one sister-in-law, Mrs. Ellen Miller of Crete, Neb., two nieces Mrs. Alice Vogan of Neshannock avenue, this city and Mrs. Sadie Gettys of Kansas. Her husband and three children preceded her in death.

Mrs. Young united with the Presbyterian church at he age of 17 years.

Funeral services were conducted from the M. E. church of Milford in charge of Rev. L. L. Chambers. Interment was made in Blue Mound cemetery.

SIX TAXI DRIVERS BROKE, GIVE CAR TO PAY SPEEDER FINES

ST. CLAIRSVILLE, O., Jan. 27.—Drivers of six new taxicabs en route on the National road from Chicago to Baltimore pleaded guilty here today to speeding and were fined $10. They were intercepted at Bridgeport 10 miles east and were in court here 27 minutes after Bridgeport police had been notified of their approach. Lacking funds they left a car as secuprity for the fines and costs.

Son's Trying Career.

Jones was coming for the first time to see how his worthless son, who had been sent out on a farm to work, was behaving. He met the owner of the farm and immediately became anxious to learn whether his son had proved a success. His first question was:

"How's the boy gettin' along?"

"Well," said the farmer, "he broke two spade handles yesterday and one today."

"What, working so hard?"

"No, leanin' on 'em."

An Important Annoucement From Euwer's To You!

In tomorrow's News, possibly in this issue, you will read the many advertisements of the furniture dealers of New Castle announcing their annual FEBRUARY FURNITURE SALE.

Because of a custom established, many many years ago February has become a month of furniture buying and selling. Special inducements, larger selections, lower prices are offered by practically every wide awake dealer here and elsewhere.

From this jumble of furniture ads, each store naturally making its best appeals, it is up to you to decide just where you should get your goods.

You must determine the following things—

Who has the best designs
Who has the newest things,
Who has the best quality,
Who has the best price.

And where, you ask, can I find out these things. Not from the newspaper ads, not from the salesman's word, not from the claims of others—but

You Can Only Determine Where to Buy Your Furniture by Comparing All.

We ask you to do this, and we know every other fair dealer would ask the same thing—

Shop around, go into every store, see every design, examine the quality, and get the price—study and compare—

And Then COME HERE.

If we haven't better or equal quality for less or equal price then we'll be honest enough to admit defeat and we'll tell you so.

Our Opening Announcement Appears in Tomorrow Night's News.

Says Allenrhu Banishes Rheumatic Pains and Twinges

The First Pint Bottle Must Show Results or Money Back. Could Any Offer Be Fairer.

McKee's Kut Rate Store, Eckerd's of New Castle, Inc. and every druggist in this county is authorized to say to every rheumatic sufferer in this vicinity that if ALLENRHU, the enemy of rheumatism, does not stop the agony, reduce swollen joints and do away with the twinges of Rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished often in the most severe cases where the suffering and agony was intense and piteous and where the sufferer was almost helpless.

Druggists everywhere guarantee it as above in every instance.

Travel At Home

Public Library Offers Many Opportunities For Interesting Journeys

When you're miserably cold and as low in your mind as the thermometer, and your idea of paradise is Capri, Kioto, Hawaii or the jungles of Africa, why not discard duties and the tame pleasures of home and start off?

There is no bother about passports, or luggage, or sea sickness. All you need is a glowing hearth, a fireside chair and a fascinating book of travel. Comfortable, and tingling with excitement, you start off with your author-friend and hit only the high spots. And, most ideal of conditions, you can change your itinerary with a gesture, or, should you tire of your companion you can neglect him with no fear of his being offended.

Of course, if you really insist on actual travel, you'll want to use books just to tell you what to see and what not to, and to help you with bits of description for your letters to admiring friends at home.

"The royal road to romance" was found by Richard Halliburton on a rollicking journey through the old world. Clara E. Laughlin's on Paris, England and Italy are chatty and informing. Wallace Nutting's book, Pennsylvania Beautiful, is largely pictures. George Wharton James' California and his Lake of the Sky will entertain you. There are too many to mention all of them, but here are a few of the best:

Call—The Spell of French Canada.

Carpenter—Holy Land and Syria.

Carpenter—Uganda to the Cape.

Faris—Seeing the Eastern States.

Franck — Vagabond Journey Around the World.

Keyserling—Travel Diary of a Philosopher.

Raine—The Land of Saddle-Bags.

Shackleton—Book of New York.

Winter—Florida.

Wood—Over the Range to the Golden Gate.

ROCK FALL CRUSHES MINER.

JOHNSTOWN, Pa., Jan. 27—John Ferko, 36, was killed instantly and his buddy John Mischanick 22 was injured beneath a fall of rock today in the Husking Coal Mining company mine in Gahagen near here.

If Americans love under-dogs because their ancestors were under-dogs, you may guess why they feel so much sympathy for criminals.

AUSPICES OF EDUCATIONAL ART SOCIETY

From recent newspaper reviews of Grainger concerts:

"Ovation for Grainger as 9,000 join applause"—San Francisco.

"At least 500 turned away"—Chicago.

"Filled the huge auditorium, accumulating a following to equal Hoffman's and deservedly"—New York Evening Post.

"Throngs hear Grainger, one of the few pianists who succeed in filling a large concert hall"—New York Times.

And last year Grainger was the big attraction for a number of weeks at the New York Hippodrome at a fee of $5,000 per week.

Grainger Owes Musicianship To His Mother

Mother's Influence Strong In Success Of Pianist Coming To New Castle

In the lives of most artists there is some parent, guardian or friend whose influence has spelled the difference between mere talent and finished achievement for the embryo artist in their charge. This is peculiarly so in the case of Percy Grainger and his mother. Though his mother was born in Australia at the time when artistic opportunities were few and far between, she managed to ground herself in the musical classics and was a keen devotee of both music and literature from girlhood. Early discovering signs of musical ability in her only son, Percy, she left no stone unturned to bring his budding talent to as full a fruition as possible. From his fifth to his 10th year she sat beside him at the piano for two hours every day, guiding his first musical steps with such loving devotion and esthetic insight that he was able to begin his public career at the age of 10. By the age of 12 he had earned enough money as a "prodigy" pianist to take him and his mother to Frankfurt-am-Main, Germany, where he continued his musical studies.

Grainger's mother never intended her son to be only a pianist, hoping that he would develop into a composer who would leave music of a permanent quality behind him; therefore she fostered all signs of creative talent as they appeared. By the age of 16 Grainger had already fully developed his "style" and individuality as a composer, having already made experiments in "beatless music", and began upon his first "Hill Song", which he still regards as his most important and epoch-making work.

From this time on he wrote compositions as birthday and Christmas gifts to his mother for every year of his life, and many of his most popular pieces (such as "Molly on the Shore", "Mock Morris", "Marching Song of Democracy", "Country Gardens", "The Sprig of Thyme") came into existence as twice yearly love offerings to her whom he termed "the junior partner of the old firm"—in reference to her youthful appearance, high spirits and unfailing vivacity. Grainger and his mother were well-nigh inseparable and were never parted for more than a week or so at a time until her tragic death in 1922. Up to the last she remained his highest artistic tribunal, for her opinions on musical matters were of greater import to him than the edicts of the entire musical world.

It had been Grainger's original intention not to bring his compositions before the public until his 40th year, as he expected that their iconoclastic nature would awaken opposition and damage his pianistic career. It was only in deference to his mother's desire to "hear her grandchildren perform" that he abandoned this original plan and began publishing and producing his compositions at about the age of 30. His works made an immediate "hit" and through following his mother's wishes in this respect Grainger found himself world-famous in the course of a few years.

A great movie director is one who can spend enough money on a picture to make you forget how silly the story is.

Rev. S. M. Morton Dies In Illinois

Former Minister Of Lawrence County Passes Away At Taylorville, Ill.

Word has just been received in this city of the death of Rev. S. M. Morton, D. D., of Taylorville, Ill., at the age of 87.

There are still many living throughout the county who will recall Dr. Morton as the youngest of eleven children of William and Hannah Morton pioneer residents of Lawrence county near Wurtemburg and members of the Slippery Rock church.

He was educated in Washington and Jefferson college at that time located at Canonsburg and in the Western Theological Seminary and was licensed by the Beaver Presbytery at Wampum.

His pastorates have all been in the middle west. Since the retiring of a long and faithful service in the ministry he has resided in Taylorville, Ill.

He had a brilliant mind, a ready wit which made him the life of any company and his life was filled with kind thoughts and good deeds for others.

He leaves a wife, Julia Allen Morton and a son and daughter, Charles and Olive Morton to mourn his loss. two sons Edward and Dwight having preceded him in death. Nieces and nephews now living in Lawrence county are Thomas G. Wilson, Mrs. Emma Davidson, Mrs. Jessie Hamilton and Mrs. John G. Nothdurft.

Lutheran Church Ladies To Serve Two Banquets

ELLWOOD CITY, Pa., Jan. 27.—At a special meeting of the Willing Workers society of the Trinity Lutheran church conducted yesterday afternoon in the church, the members decided by vote to bid for the serving of the Eastern Star banquet which is expected to take place the latter part of March and to submit menus for the motor club conference of the Motor Federation of Pennsylavnia, which will take place February 16.

This conclusion was reached after a heated discussion between the conservatives and the progressive members of the society, the former mantaining that the church policy forbade the serving of regular banquets to members outside the church, and the latter urging the church building debt as an important factor in the activities of the society securing any commission within reason to swell the fund. A vote was taken and Mrs. Fred Hershey was appointed chairman of a committee to submit menus to the oragnizations above mentioned.

C. A. Martin Class Enjoys Dinner

ELLWOOD CITY, Jan. 27.—Twenty members of the C. A. Martin class of the First Presbyterian church enjoyed a tureen dinner last evening in the dining room of the church. In conjunction with the dinner the members transacted routine business. Mrs. Thomas Wilson, vice president, took the chair in the absence of President Mrs. George Wilson, who was in Pittsburgh at the bedside of her husband, who underwent an operation in the West Penn hospital for goiter yesterday.

Members of the committee in charge of the menu comprised Mesdames C. A. Martin, Eugene Swartz, Lafe Butler and Thomas Wilson.

Local Knights To Go To New Castle

ELLWOOD CITY, Jan. 27.—A number of the local Knights of Malta are planning a trip to New Castle Friday evening to witness the conferring of the scarlet and mock degrees in the New Castle lodge on candidates from Sharon, Greenville, Ellwood City and a large class from New Castle. The members expect to leave at 6:30 o'clock and any knight is welcome to go.

In the near future the knights will confer the green and gold degree on the same class of candidates.

The next regular meeting of the local lodge will take place February 7 in the First National Bank building, at which time the Malta degree will be conferred upon a large class of candidates.

Philathea Class Reviews Lesson

ELLWOOD CITY, Jan. 27.—Many members of the Philathea class of the Baptist church met on Wednesday evening in the church for their regular monthly meeting. At this time a review of the Sunday school lesson was made, after which a social period was enjoyed with lunch concluding the evening's activities. Among those on the committees were Ms. A. E. Conner and Mrs. Jennie Eckles.

Crazed Man Is Taken To Warren

Samuel Lebtz Committed To The Warren State Hospital For Insane

ELLWOOD CITY, Jan. 27.—Samuel Lebtz, the crazed man who was found several days ago in the Beaver river near Wampum, with his throat slashed and half drowned, was taken last evening by Sheriff Reynolds to the State Hospital for the Insane at Warren, Pa.

Thus ends the controversy between the physicians and the police, the latter being victorious, as they have been holding out for an asylum commitment for some time past.

Opinions vary as to where the man came from, but some think he might have been an escaped fugitive of some sort.

Policemen's Ball On Friday Night

ELLWOOD CITY, Pa., Jan. 27.—Extensive plans are nearing completion and will culminate tomorrow night when the Shelby auditorium will be decorated and opened for the first annual policemen's ball to be conducted in Ellwood City.

There will be round and square dancing and for one evening at least the local police will lay aside their official dignity and submerge their terrifying signals in the evening's revelry.

During the orchestral intermission a playlet, "An Old Time Melody", will be presented by Welsh and company. There will also be four acts of vaudeville from a local theatre.

Mrs. Kamperman Is Hostess To Club

ELLWOOD CITY, Jan. 27.—Mrs. Carl Kamperman entertained the members of the 1926 Bridge Club Wednesday evening at her home on Division avenue. In the absence of three members special guests enjoyed the affair as follows: Mrs. Theodore Knauff, Mrs. H. Martin Lee and Mrs. Arthur Nicklas.

Evening hours passed pleasantly in a series of bridge games, with high score favors being awarded to Mrs. W. C. Martin and Mrs. Harry Atkinson. In two weeks the members will be entertained at the country club section with Mrs. Clifford McDanel and Mrs. Jay Buquo as associate hostesses.

CHURCH TRUSTEES PLAN SYSTEM

A Child's Laxative which Mothers Can Rely On

To Dr. W. B. Caldwell, of Monticello, Ill., a practicing physician for 47 years, it seemed cruel that so many constipated infants and children had to be kept "stirred up" and half sick by taking cathartic pills, tablets, salts, calomel and nasty oils.

While he knew that constipation was the cause of nearly all children's little ills, he constantly advised mothers to give only a harmless laxative which would help to establish natural bowel "regularity".

In Dr. Caldwell's Syrup Pepsin mothers have a regulating laxative which they can depend upon whenever a child is constipated, bilious, feverish or sick from a cold, indigestion or sour stomach. All children love its pleasant taste.

Buy a large 60-cent bottle at any store that sells medicine or write "Syrup Pepsin", Monticello, Illinois, for a FREE SAMPLE BOTTLE and just see for yourself how perfectly it cleanses and regulates the bowels of infants and children.

Can Talk From New Castle To England Saturday

Anyone in New Castle who has a $75 desire for a three minute telephone conversation with a friend in England may have that desire satisfied on Saturday morning, January 29 when commercial telephone service between Pennsylvania and New Jersey points and London, England, is to be opened at 8:30 o'clock.

Leonard H. Kinnard, president of the Bell Telephone Company of Pennsylvania will at that hour put through a call to the other side of the Atlantic ocean for an exchange of greetings between Dr. Josiah Tenniman, provost of the University of Pennsylvania and some representative of the British science, over wire and radio paths measuring 7,250 miles.

Although service for Pennsylvania and New Jersey points will not be opened until Saturday morning, calls for England may be filed any time after 8:30 o'clock Friday morning, January 28, but no calls will be accepted before that hour unless made from a point already open to the London service.

No More Piles

Thousands Bless Dr. Leonhardt, the Physician Who Discovered This Common Sense Remedy

If you think that the surgeon's knife is the only method of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

This Doctor's treatment is internal. By experimenting, he discovered the cause of piles and then went further and compounded a remedy that would remove the cause.

Every pile sufferer should benefit by his discovery and so that there will be no doubting or delay, McKee's Kut Rate Store and Eckerd's of New Castle, Inc. and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On that honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID today.

Penna. Man Refuses $8000 For Old Bible

POTTSVILLE, Jan. 27.—Siston Miller of Orwigsburg, has refused an offer of $8000 for an ancient Bible he discovered recently in the attic of his home.

The only other similar Bible recently sold was in England for $10,000. The book was printed in England in 1635. When the copy was sold it was said it was the only one in existence. Experts pronounced the local Bible authentic beyond doubt. It has been in the Miller family over a century and while it was regarded as a curiosity its great value was not known until this week.

Italy Plans For Open Air Theatres

(International News Service)

ROME, Jan. 27.—Italy is to have two more open air theatres.

One will be as Ostia, which has become the favorite resort for ministers and the elite of Roman society on Sunday afternoons, and will be inaugurated with classical tragedies.

The other theatre is to be at the Villa Celimontana on the Caelain and can seat some 4,000 spectators. The main entrance is on the Via San Sebastiano, between two great pine trees. The stage, backed by pines, flowering shrubs and laurels, is set in a formal garden, and will be illuminated by canelabra swung from loggie and by fountains—a theatre, in short, that Renaissance popes and humanits would have patronized. The construction will probably occupy 18 months.

gion Lunch Club Members Hear Address

L. B. Round Speaks At Meeting At Legion Home At Noon Hour

Louis B. Round, superintendent of the New Castle Electric Company was the speaker today at the weekly meeting of the Legion Lunch Club held in the Legion Home on North Jefferson street.

His subject was "The Development of Electric Service" and in a graphic way he described the steps through which electric power has come since first it was utilized in solving the problems of industry, commerce and household duties. The address could easily have been a dry recital of facts. Instead it was an intensely interesting thing, told in a manner that held the attention of the ex-service men present.

He was generously applauded for his address.

Withers Company Explains Dispute

Concerning the dispute that has been in progress for several days over union labor troubles at the erection of The Castleton, new hotel in this city, the R. T. Withers Sons Company, presents the following statement which is clearly self explanatory. It is as follows:

New Castle, Pa.,
Jan. 27th., 1927.

To the Editor of the News Company.

Dear Sir:

Several of the items that have appeared in the News lately give the impression that the R. T. Withers Sons Co., are the party responsible for the stoppage of work on the new Castleton Hotel.

The facts are, the Withers Company have no truck large enough to carry a ten or twenty ton boiler, and they usually contract for the removal of any such boiler from the railroad to the foundation. We had bids from Butler, Youngstown and New Castle in this instance and the Butler firm was the low bidder, and got the job.

We did not ask them whether they were Union or Non-union, any more than we asked the boiler manufacturing company if it was a union made boiler, or if it was made of union steel. As we understood it, Jeff McMichaels did not care who brought the boiler from the railroad to the Hotel site, the objection was in moving it from the sidewalk to the foundation, a matter of $50.00, so that is what McMichaels is making so much ado about.

The same Butler firm had the contract for delivering the Cathedral boilers, and no one raised any objections. Our own union plumbers and steamfitters have made no complaint regarding our action, as they always treated that kind of work as a Transfer job.

Still In Favor Of Comfort Station On Public Square

Louis Genkinger city councilman has not yet abandoned his idea that there should be a comfort station erected on the public square and when R. N. Graham, manager of the P.-O. railways comes to New Castle he will be interrogated in regard to a comfort station.

It is Genkinger's opinion that the comfort station could also be used as a waiting room for car and bus patrons.

The station would be located on the diamond and it would be a terminal for all bus lines.

At the present time P.-O. busses take passengers aboard at the northeast end, Seventh ward busses in the middle of the diamond, other interurban busses load near the Christian church while Youngstown cars unload near Cripps & McNab, load in front of the Y. W. C. A and city cars load at other points.

The P.-O. company has a waiting room at the Traction building at the corner of Cocran way and East Washington street.

A year ago Graham promised council to study the situation relative to a comfort station to be erected on the diamond.

Prowler Enters Mellon Home But Gets Very Little

(International News Service)

PITTSBURGH, Jan. 2.—The home of W. L. Mellon, state Republican chairman here was entered today by a lone prowler who gained entry by using a glass cutter on a window. Although he ransacked the home nothing of value was taken.

The Mellon family had closed the home for the winter, W. A. Poetain, caretaker told police. The intruder carefully avoided an intricate system of burglar alarms.

Invite Green To Miners' Meeting

(International News Service)

INDIANAPOLIS, Ind., Jan. 27.—The United Mine Workers of America today voted to invite Wm. Green, president of the American Federation of Labor to address the miners convention here tomorrow afternoon at 3:30 o'clock.

A few minutes before the bid was extended to Green the miner delegates bodily ejected Powers Hapgood from the convention hall when he sought to address the assembly.

"Il Trovatore" On Air In 'Gala Performance' Shatters Old Tradition

Cyrena Van Gorden, costumed as "Brunhilde" in "Die Walkuere" and inset of Claudia Muzzio.

Exclusive Central Press Dispatch to New Castle News.

CHICAGO, Jan. 27.—In putting on the air "Il Trovatore," Friday, January 28, with Cyrena Van Gorden, contralto, and Claudia Muzzio, soprano, in the leading roles, Chicago civic opera leaders smash a tradition of long standing—that none but sustaining patrons of the company be permitted to hear a gala performance.

This is the second opera to be broadcast this season, "Faust" being the first. "Il Travotore" presents a more difficult task in broadcasting. The action shifts about the stage constantly, making it hard for the microphone to register all of the notes. To overcome this, 15 microphone channels, each consisting of one or more "mikes" are used and an elaborate mixing panel provides flexibility. The operator in charge of the microphones can shut off sounds from one part of the auditorium and register others at will. When he wishes the radio audience to hear the applause he "fades" all the "mikes" except those in the ceiling, then gradually cut them out as he shifts to the orchestra pit and puts the orchestra on the air.

The operas are first transmitted to New York, then relayed from that point to all the staions in the "hook-up".

Opera broadcasting has changed the business of shifting scenery. Money and time cannot be wasted by long delays, so a way has been devised whereby scenes can be changed in two minutes.

It was decided to put the last act of "Il Trovatore" on the air, since it includes the old favorites, "Home to Our Mountains" and "Miserere."

Arnoldo Lindi and Richard Bonelli were assigned the roles of "Manrico" and "Count Luna," respectively.

Jail Prisoner Is Found Slain, At Pittsburgh

Coke Production Shows Decline

(International News Service)

CONNELLSVILLE, Pa., Jan. 27.—Coke production in this district slowed down slightly in the past week, the International News weekly survey revealed today, figures pointing to a decline of 760 tons, bringing the regional total to 133,020 tons. This is 101,850 tons, or 76 per cent under the corresponding week of 1926.

The movement to reduce wages, to which coke consumers had been looking forward as a means of cutting the price of coke, had the effect of lowering the spot market 25 cents. Coke buyers were reported as indifferent, and are said to be looking for further wage adjustments, which are considered improbable here.

The wage cut announced by some of the merchant operators restored the scale in effect before the recent flurry caused by the possibility of extension of the British coal strike.

The spot market was reported as $3.25 for furnace and $4.25 for foundry.

YOU may be a slave to physics, pills, salts, calomel, or other laxative drugs. Perhaps only a painful enema gives you relief.

You may feel stuffed-up and heavy with waste matter; loaded with gas and feel all bloated up.

Your head may throb, you may feel sick to your stomach, be all fagged out, and despair of ever getting relief.

Yet 3 minutes after the use of this simple discovery called P & S Evacuant for the Bowels, the poison wastes are out of your system without pain, without griping, without taking a drop of medicine, without muss or fuss.

There never was such a true relief for constipation as P & S. Thousands upon thousands who suffered from constipation, bad breath, headaches, poor complexion, poor appetite and sleep are turning to P & S with miraculous success. Doctors, nurses and hospitals use it and give glowing testimony to its efficiency.

P & S Bowel Evacuant is sold with the absolute guarantee that it will relieve your constipation in 3 minutes, or your 50c back. Tube lasts a long time. Harmless.

Don't Take Physics!

All laxatives contain drugs. These are absorbed by the system and cause a dangerous disturbance in stomach, liver and kidneys. P & S Bowel Evacuant does not enter the stomach—and so it is the one remedy for constipation that is truly harmless. Ask your doctor about this.

DIAMOND STARS TO KNOW THEIR FATE TODAY

Landis To Rule On Cobb, Speaker

Baseball World Anxiously Awaiting Decision On Players

EXPECT PLAYERS TO BE VINDICATED

(International News Service)

CHICAGO, Jan. 27—Groggy but still game, the reeling baseball world braced itself today to absorb one last sensation. What will Commissioner Landis do with Ty Cobb and Tris Speaker? Landis, according to an unofficial announcement at his office yesterday, will make public his decision today. What will the verdict be?

Although the sphinx-like commissioner has given no indication as to how he will rule, it is taken for granted by those who have followed the now famous Cobb-Speaker "scandal" thru all it's myriad ramifications, that a "not guilty" verdict will be rendered as a meeting of course.

Awaited Bans Departure

Up until the American League "blow-up" meeting here last Sunday, which carried President Ban Johnson into "temporary retirement" because of ill health, Landis had refused to rule on the guilt or innocence of these two famous stars, concerning charges brought by Dutch Leonard that they had guilty knowledge of a "betting coup."

Landis argued that since Cobb and Speaker had "resigned" their posts and were no longer connected with baseball, he had no occasion to rule on their status in baseball. Later, however, developments in the Landis-Johnson feud gave the whole matter a different complexion.

Observers point out that if Landis has all the evidence and it consists of nothing more than that printed when the scandal charges were made public, he cannot fail to exonerate the players.

New Castle Skaters Win At Evans City

Several New Castle roller-rink skaters journeyed to Evan's City on Wednesday night and participated in the roller-races staged at the Breck-Neck Rink.

Perry Hettrick of this city was the only New Castle skater to win a first place. Hettrick defeated Lefty Williams of Brackenridge, Pa., in the feature race on the program.

Lynn Irwin of this city placed second to William Habeck of Tarentum in a fast race.

The race for youngsters under six years of age was won by Elmer McClelland, of Evans City, with Dorothy Besnecker second.

New Champ "Fights" Promoters: Jeff Stayed In The Ring

By NORMAN E. BROWN

Approximately one year from the date on which he won the world's heavyweight title, Gene Tunney will step into the ring to defend that title.

In other words, while we will have heavyweight battles of various and assorted sizes before that, we will wait until the late days of next summer to see Tunney, the man of the hour, in action in the ring.

But Gene, the Marine, has not been exactly idle since he copped the crown, nor will he be entirely devoid of interests between now and next fall. He has performed in vaudeville over a span of some 15 or 18 weeks, for which he has collected fair remuneration. And he has just come out on top in a battle royal with Tex Rickard and Humbert Fugazy, rival promoters bidding for his services—and will collect between $700,000 and $1,000,000 for that September effort, when it does come off, as a result.

Tunney is making money, an amount undreamed of in the days of the glorious past, when fighters were making tradition and records for the book. For which he can't be blamed. But I glanced over the record of Jim Jeffries the other day. And, oh, what those who like to see the fighting done in the ring instead of over the banking table, are missing.

How Jeff Spent First Year

Jeffries met Bob Fitzsimmons for the title June 9, 1899, at Coney Island in eleven rounds.

Less than five months later Jeffries climbed into the ring again.

His opponent?

Tom Sharkey, the most feared man in the heavyweight ranks that day. The man whom Jeffries admitted to me again in recent months gave him his hardest fight.

They clashed at Coney Island November 3. The fight went 25 rounds. And what a fight it was! Jeffries won the decision in 25 rounds of furious, man-killing, bone bruising punching.

Six months later—after knocking out Jack Finnegan in a round—Jeffries met no less a battler than Gentleman Jim Corbett, essaying a comeback, and that fight went 23 rounds, Jeff knocking out Corbett.

Here we have the world's heavyweight champion climbing into the ring against two of the greatest men in his game within 11 months after winning the title.

And for Little Money

And the total amount of money these two fights brought him would not equal the amount Tunney, present champion, received in his fights with Gibbons and Carpentier—or perhaps from one of those battles.

No one can blame Tunney for his desire to play the game as it is played today. Jack Dempsey, who pledged himself to fight early and often the day he won the title, July 4, 1919, waited 14 months before stepping into the ring in a real bout. He had fought a four-round exhibition with Terry Kellar on the coast, but it was September 6, 1920, when he climbed into the ring against Billy Miske at Benton Harbor, Mich. Three months later he took on Bill Brennan. It's a great life for the champ these days. But a tough one on the fan who likes to see his king swapping gloves instead of certified checks.

HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

BAN JOHNSON isn't through; at least, he is not through talking, according to the Kansas City Star, which quotes the fiery baseball man as declaring he has no intention to get out of baseball and "I intend to stay to the end". He declared that "Judge Landis is making a fool of himself, and adds: "when I get back to the American League offices I'll start something". Johnson expects to return to Chicago Monday. While Ban is recuperating Frank Navin of Detroit is administering American League affairs.

PHIL Bridenbaugh sounded an optimistic note at the New Castle High football team banquet recently when he said New Castle can have another Syracuse cup if they want it. Phil told the players they know how to get it. He meant hard work, ability and pluck. Incidentally, it was discovered that Dr. C. C. Green, who is a "regular fellow" when it comes to athletics, had a hand in finding Bridenbaugh, having been one of several men who inveigled him into the Beaver valley after Phil left Kiski.

DR. H. E. Zerner hit the nail on the head when he said that no particular pursuit had a monopoly on character, and he banged the ten-penny again when he said the sordid sport is the welcher. Time and again gamblers have crawfished after losing bets. One thing that is wrong to the core is that open betting is allowed at the football games. The example is not one which the youngsters who flock to the games would be encouraged to follow. Doctor Zerner is not only interested in football, but in all athletics. He patronizes them all, and many times has helped athletes along the road to fame.

CLARENCE Spears, head football coach at Minnesota, is also being considered as a successor to Coach Glenn Thistlewaite at Northwestern. Minnesota declares they will match the bid of the Purple. Tus McLaughry, former Westminsterite and Brown mentor, is among those mentioned for the post, it is reported. It is said that McLaughry would be willing to go west providing he got the job and could appease Brown authorities.

AN epidemic of injuries have put Joe Dundee, Jim Maloney and the Spanish woodcutter, Paola, out of the fight game temporarily. Dundee has a fractured foot, sustained in training. Jim Maloney's injury, the nature of which is not unfolded, will compel a postponement of his battle with Jack Delaney, and Paola's injury, sustained in a bout with Homer Smith, will cause a postponement of his affaire with Knute Hansen.

WESTMINSTER today can feel another touch of pride, as Dr. William L. Marks, for a score of years a bulwark of strength to Carnegie Tech's athletic teams, has been signed to accompany the Pirates to the southland. Dr. Marks is a physician and his entry into the Pirate fold has been brought about by the heavy casualty list of last spring. When Marks went to Westminster College he played halfback.

Merchants Win From Mahoning

Rick-Overland Girls Win From New Castle High Girl's Team

The Rick-Overland girls defeated the New Castle high maidens by a score of 24 to 16 and the East Side Merchants took the measure of the Mahoning A. A. by a score of 33 to 26 in a benefit attraction on the Y. M. C. A. court Wednesday night.

The Overland girls went into the lead early in the game and were never headed throughout the entire time of play. At half time the Overland girls were leading 12 to 8. The playing of Myrtle Burnett and Edith Hamilton featured for the winners. The work of Miss Patterson, Miss Ponion and Miss Wolf was the best for the New Castle high girls.

Merchants Win.

The East Side Merchants downed the Mahoning A. A. outfit 33 to 26 in the feature game of the evening's bill. The game was hard fought and proved highly interesting to a fairly large crowd. The Merchants were forced to extend themselves at all times to snatch the victory from the seventh ward aggregation.

At half time the Merchants held a lead of 22 to 16, mainly through the fine work of Bruce, Hutchinson and M. Kerr. Walt Sumner was the best bet for the Mahoning team with three field goals in the first two sessions.

The Merchants continued their stride in the third and fourth quarters and managed to keep in front of their opponents. The Mahoning team outscored the Merchants in the final two periods, but the lead piled up in the first and second quarters was sufficient to offset the late rally by the Glitch managed quintet.

The games were played as a benefit for the Y. M. C. A. wrestling team. It was found several days ago that a new wrestling mat would have to be purchased if the team was to continue practice.

The lineup and summary:

If a bill now before the Ohio legislature is enacted into law, all professional sports in that State will become subject to regulation by a commission of five members appointed by the governor.

Bessemer Pirates Lose Close Contest

Good Game Is Played At Bessemer—Reserves Turn In Victory

(Special To The News)

BESSEMER, Pa., Jan. 27.—Unable to hold the lead which they assumed in the last period, the Bessemer Pirates were defeated 35-33, by the McCrone Merchants at the Buckeye gym, Tuesday evening. In the preliminary game, the Pirate Reserves topped the McCrone Reserves 40-25.

The Pirate Reserves let the McCrone Reserves hold the lead during the entire first half, until Smith entered the game in the third quarter. Following the entrance of Smith the McCrone men didn't have a look in, for Smith rolled in eleven baskets, and a foul to boot, in the short while he was in the game. O. Linden, and Summers did most of the McCrone's shooting.

The main game was close and hard fought all the way thru. The lead, whenever there was any was held by the McCrones, as the score was tied most of the time, and was such at the end of each of the first three periods. The first quarter ended 6-6. At the end of the half, each team had scored seven more points, and the score stood 13-13. The third quarter was even, both as to scoring and playing. The McCrones had many more opportunities to score than the Pirates, but failed in most of their attempts.

The Pirates got going at the start of the final period, and soon had a seven point lead. However they were unable to hold their advantage, due to the home team's ability to cage some long shots, in the closing minutes of play. The last field goal of the game for the McCrones was made by F. Black, and was one of those which could be best described by the word "lucky," for he picked up the ball in midfloor, and without looking at his goal, he tossed the ball over his head, squarely thru the hoop, with one hand. However whether the shot was lucky or not, it spelled defeat for the Pirates, and victory for the home team. The Pirates missed the services of Manewal, their star guard who was unable to accompany his team for this game.

The Pirates showed the best team work they have displayed thus far this season. In the way of scoring Jacobson stood out prominently for the Pirates, while C. Linden and F. Black, were the best for the McCrones.

Lineup:

Pirate Res. 40		McCrone Res. 25
Ducic	F	Eisenbraun
Halttunen	F	O. Linden
Ruehle	C	Summers
Bryan	G	Irwin
Carlson	G	Black

Substitutions—Bessemer: Malley, Chaney. McCrones: Milligan, Wire and Kerr.

Field goals—Malley 1, Haltuten 1, Smith 11, Reuhle 4, Bryan 1, Eisenbraun 2, Milligan 1, O. Linden 3, Summers 4.

Foul goals—Ducic 2, Smith 1, Carlson 1, O. Linden 3, Summers 1, Black 1.

Referee—Strain.

Scorer—Wilkerson.

Main Game

Bes. Pirtes 33		McCrone Mer. 35
Olson	F	Raybuck
Jacobson	F	Nicolls
Swanson	C	C. Linden
Beale	G	H. Linden
Diehle	G	F. Black

Substitutions—Bessemer: Chaney, Smith. McCrone Merchants: Wire, D. Slack.

Field goals—Olson 2, Jacobson 6, Swanson 2, Chaney 1, Diehle 1, Smith 2, Raybuck 1, Nicolls 2, C. Linden 5, D. Black 2, F. Black 5.

Foul goals—Olson 2, Jacobson 2, Smith 1, Nicolls 3, D. Black 2.

Wampum Indies Swamp Hubbard By Score 78-16

Wampum Team Breaks Scoring Record In Game With Hubbard Quintet

The Wampum Indies ran wild on Tuesday night at the Wampum opera house floor and the Hubbard Circle Star team was swamped under an avalanche of field goals to the tune of 78 to 16. The score is believed to be a record for boys games in these parts.

The game was slow and thrills were lacking but Boone the flashy Wampum forward kept the crowd in good humor by tossing in a total of 14 baskets and 10 fouls for half of the Wampum scores. Blythe was right behind Boone in the matter of scoring and had eight baskets for his part of the massacre.

For Hubbard the work of Hassage and Landis was the best.

Next Tuesday night the Indies will play the Beaver Falls Art Tiles on the opera house floor.

The lineup and summary:

Wampum Indies.		Hubbard
Boone	F	Hassage
R. Galbreath	F	Pacek
Blythe	C	Landis
Grinnen	G	Kavender
W. Galbreath	G	Hettrick

Subs: White, Ferrucci, Shiek, Ladig.

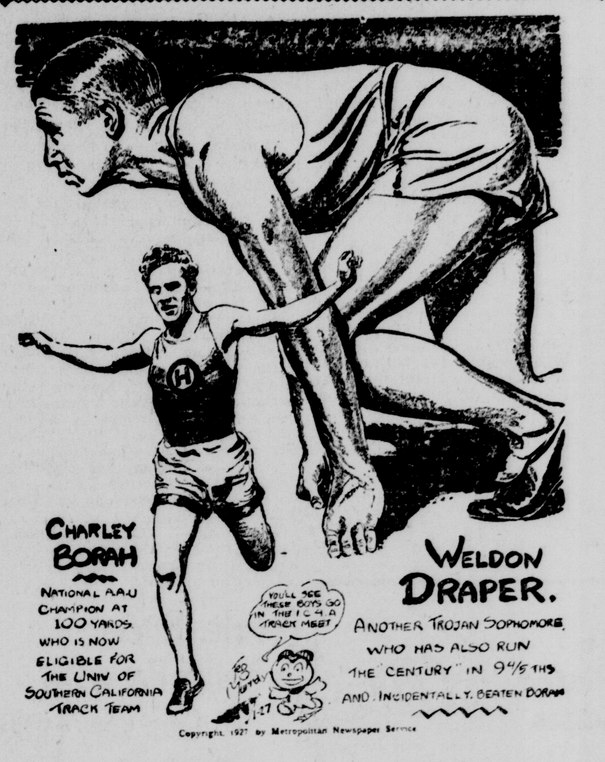

Field goals: Boone 14, Blythe 8, R. Galbreath 3, W. Galbreath 2, White 3, Ferrucci, Pacek, Hassage 3, Landis.

Fouls: Wampum 15 out of 17; Hubbard 8 out of 22.

Referee, J. Blythe.

In their long standing rivalry Mlle. Lenglan handed out the unkindest cut of all when she declared Helen Wills was getting too fat.

Speedy Sophomores By Feg Murray

The Kewpie-like countenance of Coach Dean B. Cromwell, track coach at the University of Southern California, is more wreathed in smiles than ever just now, as he contemplates his two star sophomore sprinters, whom I will call for the time being "Exhibit B" and "Exhibit D".

Last summer Charley Paddock, a former pupil of Cromwell's at U. S. C., set a new world's record of 9 1-2 seconds for 100 yards in the Southern Pacific A. A. U. championships, held in the Los Angeles Coliseum. The excitement caused by that race was not the wonderful time made by the "Pasadena Flyer", but the fact that Paddock barely won by a scant four inches, due to his famous flying leap at the finish, from a U. S. C. freshman named Charles Borah. In fact, the race was so close that a great many spectators thought that the "Fastest Human" had been beaten.

The East heard of that race, but scoffed, as was its wont, at "Southern California timing", and vowed that if Borah, an unknown, could be so close to Charley the new record was evidently a mistake. But the East had a fine opportunity to see and appreciate young Mr. Borah later at the National A. A. U. championships in Philadelphia. All the star sprinters of the country were entered there in the 100-yard dash except Paddock, Locke and Russell. The favorites, Jackson Scholz, Frank Hussey, DeHart Hubbard, Chet. Bowman and Loren Murchison, were all beaten in 9 4-5 seconds by an unknown sprinter from the Hollywood Athletic Club—and his name was Charley Borah!

So much for exhibit "B", who runs in a style very similar to that of Jackson Scholz, the Olympic 200-meter champion. Exhibit "D" is Weldon Draper, who, before he suffered a muscle injury in the middle of his freshman campaign, had beaten his classmate, Borah, in several sprint races.

Draper's running form is very similar to Paddock's, and for the good reason that Draper has been doing his best to run like Mr. Paddock since he was a youth at Central High school in Fort Worth, Texas. There he got hold of some pictures of the famous Charley, together with a story on Paddock's peculiar style, and spent many hours practicing the coast sprinter's start, stride, knee action and flying finish. He succeeded so well that several times he ran 9 4-5 seconds before he graduated from high school. Then he bought an old Ford, drove to Los Angeles and entered U. S. C., to be trained by Dean Cromwell, the man who had trained his athletic ideal, Charley Paddock!

Feg Murray Says—

"Dutch" Leonard seems to have about as much brains as the man who asked for a rain check at the six-day bike race.

Carl Cavelli To Box Mike Goldman

Has Earned Enviable Record Since He Entered Pro' Ranks

Carl Cavelli, former local boy, now fighting as a flyweight under the management of Mike McKinney of Canton, will climb into action again January 31, when he battles Mike Goldman of Akron, at Canton. Carl surprised fans by stepping along with Willie Davis and is a much sought boxer in Ohio. He is brimful of action and for the time he has spent in pro ranks is going big.

Young Jake Schaefer, world's 18.1 balkline champion, has cut short his visit to Europe and returned home. Jake declares that the European stars were afraid to meet him, so there was nothing for him to do but to return to America, where he never has experienced any difficulty in getting matches.

Ellwood High Here Friday

New Castle High Team Will Strive To Keep Section IV Slate Clean

ELLWOOD HAS FAST QUINTET

Ellwood City high will send a fast outfit to New Castle high tomorrow night to battle the Red and Black team. The game will start at 8 o'clock, according to word today from Ralph H. Gardner, faculty manager at senior high.

Should New Castle come through with a victory Friday night over the ancient rivals, it will be easy sailing for the Red and Black tossers for the remainder of the season. The locals have won four in a row in league competition and so far there has not been a team yet that looked superior to the Bridenbaugh coached quintet.

Ellwood City took a neat drubbing on Tuesday night at the hands of Butler high 43 to 17. The defeat of the Ellwoodians was entirely unexpected and was one of the big upsets of the year. It begins to look like a Butler-New Castle-Evans City fight for first place in the circuit.

Others who took boxing when their schedules permitted were: Amedens Profio of McDonald, Anderson Perrine of New Wilmington, Edward Wright of New Castle, R. G. Fithian of Butler, Howard Hamer of Erie and William Lewis of Turtle Creek.

Estelle And Jack In San Francisco

(International News Service)

SAN FRANCISCO, Jan. 27.—Jack Dempsey, former heavyweight champion of the world, and his wife, Estelle Taylor, were in San Francisco today. They will visit for several days.

Will Dempsey fight again?

He said he would if he could prove to his own satisfaction that he could get in the proper condition.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

NEXT, BUTTERFLY

"Hello, Pixie!"

Pixie and Peter and the little girl were no longer alone. There by Pixie's side on the Tiger Lily fluttered two gold and purple wings.

"Hello, Butterfly!" Pixie, his serious moment gone, gladly greeted the new arrival. And Butterfly, evidently just as glad to see Pixie, fanned the little fairy with his wings.

"Oh, Pixie, what a wonderful, wonderful, place!" squealed the lovely flier. "Only a little while ago and I was weary and wet and wretched, and here I am happy as a May-fly in the early morning!"

Butterfly's back was turned, but Peter was almost certain that he recognized the voice.

"Is it—can it be—are you Gay Sir Butterfly?" asked he, and you should have been that Butterfly whirl around.

"It is! I am! And if it isn't Peter, upon my word!" cried he. Peter felt something soft brush his cheek. 'Twas a Butterfly kiss.

"An old friend!" explained Butterfly to Pixie, "and a new one!" Butterfly just for a moment alighted on the little girl's shoulder, then back to his perch on the Tiger Lily, for Butterfly, like Pixie, found it hard to keep still. "This is the land for me, dear folks! No rain, no chill, no night, all long bright days, with nothing at all to do but to drink sweet wine from the flowers. Catch me going back to earth! And — oh my, oh my, just look at that field of blossoms!"

Pixie, who seemed to know everything long before it happened, hopped upon Butterfly's back and was seated before the astonished flier could squeak "no" or "yes."

"I'm going your way!" chuckled Pixie. "See you later;" and the saucy sprite waved a tiny hand to the boy and girl and before either of the two could find their tongues was in mid-air on his way to the field of flowers.

"Let's go, too!" cried Peter, looking after them, and without waiting for an answer caught the little girl by the hand and away they went, while the Man-in-the-Moon, whom they did not see at all, peeped out from a cloud and smiled upon them.

"That way lies discontent," murmured he, but neither Peter nor the little girl heard him, nor if they had would they have known what he meant.

Next: "Long Legs and a Fall."

DINNER STORIES

The young man walked down the street with one shoe off and his coat turned inside out. A cop grabbed him and demanded: "What's the big idea?"

"It's like this" said the young man. "I'm taking a course at a correspondence school and yesterday, those darn sophomores wrote to me and told me to haze myself."

The teacher had been lecturing his class on the wisdom often displayed by animals and birds. He compared it with that of human beings, to the latter's disadvantage.

Having finished his discourse he invited his pupils to ask questions bearing on the subject.

One small boy held up his hand.

"Well" said the teacher, "what is it you want to know."

"I want to know, sir" was the reply, "what makes chickens know how big our egg-cups are?"

MAN LEAVES COURT, IS KILLED BY AUTO

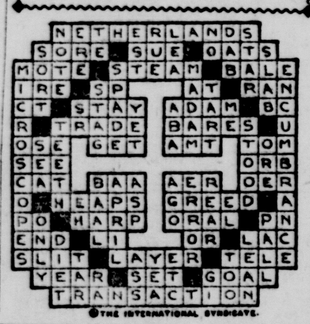

LANCASTER Jan. 27—Returning home near Unicorn, Southern Lancaster County, after appearing in court as a witness against chicken thieves, Charles Phillips was killed by an automobile.

Harry Hackerty, a Unicorn hotel proprietor and close friend of Phillips, told State highway policemen that he was driving on the extreme right side of the road rounding a sharp curve when he felt a slight bump. Believing the brakes on his car had locked, Hackerty stopped and found Phillips by the roadside. Hackerty was released and was under the care of a physician today.

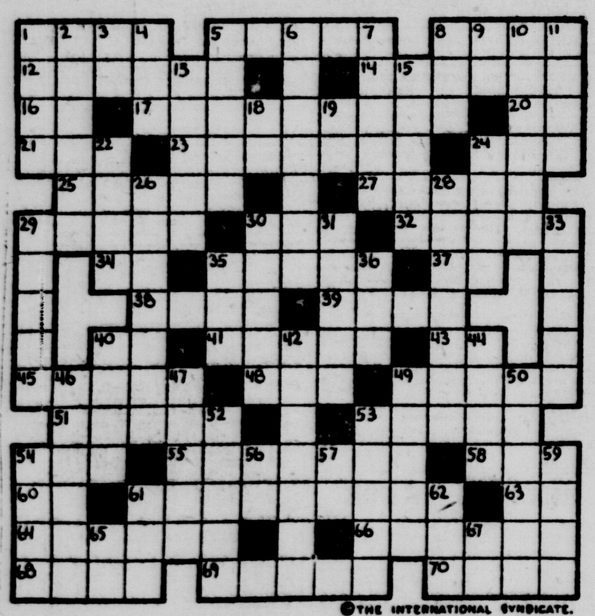

Phillips was a director in the Unicorn Detective Association, and came to court to press charges against men charged with raids on chickens in Southern Lancaster County. He started home on foot from a point a mile south of Quarryville, believing he could obtain a "lift" from a motorist.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

The "Merrimac" and the "Monitor"—Part Four.

by J. CARROLL MANSFIELD

THE NEWS OF THE DESTRUCTION OF THE "CUMBERLAND" AND "CONGRESS" BY THE CONFEDERATE RAM "VIRGINIA" ("MERRIMAC") IN HAMPTON ROADS ON MARCH 8, 1862, CAST A PALL OF GLOOM OVER THE NORTH AND FILLED THE FEDERAL GOVERNMENT WITH DESPAIR. GRAVE FEARS WERE FELT IN WASHINGTON THAT THIS FORMIDABLE ENGINE OF WAR MIGHT DESTROY ALL THE WOODEN WARSHIPS SENT AGAINST HER, ASCEND THE POTOMAC AND SHELL THE NATIONAL CAPITAL.

BUT LATE THAT AFTERNOON THERE ARRIVED AT FORTRESS MONROE, VIRGINIA, A UNION WARCRAFT, EVEN STRANGER LOOKING THAN THE "MERRIMAC". THIS NEWCOMER WAS THE "MONITOR", AN IRONCLAD FLOATING BATTERY. SHE HAD LEFT NEW YORK TWO DAYS BEFORE IN TOW OF A FEDERAL STEAMER AND HAD NARROWLY ESCAPED SHIPWRECK THREE TIMES ON THE VOYAGE.

©1926, McCLURE NEWSPAPER SYNDICATE.

THE "MONITOR" WAS THE PRODUCT OF JOHN ERICSSON, A NATIVE OF SWEDEN AND INVENTOR OF THE SCREW PROPELLER, AND HAD RECENTLY BEEN COMPLETED IN NEW YORK.

JOHN ERICSSON.

ON HER FLUSH DECK, WHICH PROJECTED BARELY ABOVE THE WATER, WERE A REVOLVING IRON TURRET CONTAINING TWO 11-INCH DAHLGREN GUNS (THE HEAVIEST NAVAL GUNS OF THAT TIME), TELESCOPING SMOKESTACKS AND A TINY PILOT HOUSE. ALL HER VULNERABLE WORKS WERE BELOW THE WATER-LINE.

LATE THAT NIGHT AS THE SKY WAS REDDENED BY THE FLAMES OF THE BURNING "CONGRESS", THE "MONITOR", STRIPPED FOR ACTION, ADVANCED TO WHERE THE STRANDED "MINNESOTA" LAY. IN THIS POSITION SHE AWAITED THE COMING OF DAYBREAK AND WITH IT THE REAPPEARANCE OF THE DREADED CONFEDERATE RAM.

CONTINUED TOMORROW.

N. Y. STOCKS

(International News Service)

NEW YORK Jan. 27.industrial and railroad stocks rallied promptly from Wednesday's closing slump in early trading today. Speculative buying was well distributed over the list, with the "merger rail' occupying a prominent position. The motors were active, with Hudson an outstanding strong spot.

Official statements on the Nickel Plate-Chesapeake and Ohio adjustments are lacking, but announcement of merger terms are expected this week. The new merger, it is believed, will revolve around Chesapeake and Ohio instead of New York, Chicago and St. Louis. Heavy buying of Erie and Pere Marquette was for the account of Chesapeake and Ohio.

An advance of 2 points in Wheeling Lake Erie Common to 55¾; while the preferred rose 5¼ to 64, were the outstanding developments in the merger stock list. Chesapeake and Ohio was quiet, with prices unchanged. The Missouri Pacifics were well bought within a narrow range of prices, while the "investment rails' were inactive and steady.

Liberty Five Wins Over Handy Service Team, Score 27-18

The fast traveling Liberty Five won their eighth straight game on Wednesday night on the Lincoln-Garfield floor by toppling the Handy Service team by a score of 27 to 18. The game was fast and hard-fought in all quarters.

The Liberty team led by a score of 11 to 10 at the end of the first half. The Service team was unable to cope with the fast attack of the Liberty passers in the third and fourth quarters.

Reiber and Tino were the big guns for the winners, while Rogovin and Jenkins performed in sensational manner at the guards. For he losers the work of Soyring, Hemming and Honkenen featured.

The Liberty Five will play the Houser-Kennedy outfit at the Lincoln gym on Thursday night at seven o'clock. The Handy Service team will clash with the Buccaneers at the Y. M. C. A. tonight.

The line-up and summary:

Liberty Five		Handy Service
Reiber	F	Soyring
Tino	F	Hemming
Parker	C	Honkonen
Jenkins	G	Mackey
Rogovin	G	Gennock

Sub.: Lewis for Tino.

Field goals: Jenkins 3, Rogovin 3, Reiber 2, Tino 2, Parker 2, Soyring 2, Honkonen 2, Hemming, Gennock, Mackey.

Fouls: Liberty Five, three out of 11; Handy Service, four out of nine.

Referee: Cuba, Lincoln Club.

A distinguishing feature of the new ice rink just opened at Yale is the terraza marble floor upon which the ice is directly frozen. Five eights of an inch of ice is all that is necessary upon this surface and the ice can be removed and the floor dried within an hour.

Crimson Tossers Are Put Through Stiff Practice

Coach Thorn Hopes To Have Grove City Fit And Ready For Tech Game

GROVE CITY, Pa., Jan. 27.—Lengthy practice sessions are being held at Grove City college this week in hopes of rounding the Crimson spheroid tossers in top form for their contest on Saturday night with the strong Carnegie Tech passers who appear at the Ketler gymnasium here.

The Grovers suffering from two consecutive setbacks are determined to return to form in their coming game and the boys are giving their best his week to be fit to battle Coach Al Irwin's Skibo quint. Both teams are idle this week playing but the one game on Saturday and fully rested from the early season campaign will no doubt be on edge for a gruelling tussle for supremacy.

Carnegie Tech makes its appearance here after an absence of one year and from all indications a record crowd will turn out to witness the game. According to announcement forthcoming today the game will not begin until 9 p. m.

War Insurance Saves Veterans From Doing Term In City Jail

(International News Service)

LANCASTER, Jan. 27. — Government insurance bonds saved two former World War vets from going to jail here. Harry Heaps and Harry Martin each were fined $10 and costs amounting to $4.55 in police court by Mayor Frank C. Musser on charges of drunkiness and disorderly conduct. Both were unable to pay their fines, but they obtained their releases by sending police officers to local banks to borrow money on their government insurance policies.

Subscribe For Newspaper, Is 101 Years Old

(International News Service)

YORK SPRINGS, Jan. 27.—The Comet, a weekly newspaper, published here, claims the older subscriber to a newspaper in Adams county and possibly in the state. The aged subscriber, 101, is Mrs. Peter Dahlhammer of Abilene, Kas., a former resident of this borough, who went to Kansas 40 years ago to make her home with her daughter. Mrs. Dahlhammer has been a subscriber to the Comet ever since she left York Springs.

The Social committee will meet at the home of T. C. Richards at 7:30 o'clock on Monday night, January 31.

Foxes Do Damage To Poultry Flocks

(International News Service)

MEDIA, Jan. 27.—Foxes belonging to the Rose Tree Fox Hunting Club, near here, have caused more than $200 damage to the poultry flock of Samuel A. Thompson, a farmer of Middletown township, who lives on Rose Hill Farm. Thompson has filed suit against the hunting club in the common pleas court of Philadelphia. He avers that the foxes fattened on some 58 chickens and 26 ducks belonging to him.

Lawrence County Pays $130,000 Gasoline Tax Dur.ng Past 12 Months

(From News Bureau)
(State Capital)

HARRISBURG, Jan. 27.—Lawrence county's share of the state gasoline tax would be increased about $65,000 if the legislature passes a bill offered by Representative Voltz, Philadelphia, to add a cent to the present two cent levy. Under the Voltz bill the additonal cent of tax would be returned to the county where collected. It provides for a fifty-fifty split of the entire tax on gasoline instead of the quarter going to the county as at present.

During the last fiscal year which ended June 30, 1926, the state collected over $130,000 from motorists in Lawrence county on the present two cent tax. Of that amount over $32,000 was returned to the county authorities as Lawrence's quarter share.

For the last six months of 1925 the tax collected in Lawrence was $65,106.86 and of that sum $16,276.71 was returned. In the first half of last year collections amounted to $65,642.75 and the state returned $16,410.68.

Total collections in the state for the fiscal year were over $11,100,000 and the Voltz bill would add another $5,600,000 to the gas tax all of which would go back to the counties in addition to what already is being returned.

Urge Support For Fitzgerald Bill

Citizens And Ex-Service Men Asked To Write To Congressmen For Aid

At the present time there is before the Congress of the United States legislation which is designed to remedy an oversight of one class of army officers. In the House of Representatives, the bill was introduced by Roy G. Fitzgerald, and is known as House Bill 4548, "making eligible for retirement under certain conditions, officers and former officers of the World War, other than officers of the Regular Army, who incurred physical disability in line of duty while in the service of the United States during the World War."

The bill is one that has been before congress before, but for some unknown reason has been ignored. It provides for the relief of United States Reserve Officers, one of nine class of officers in the Army, Navy and Marines during the World War.

Of the nine classes, eight have been taken care of by proper legislation. The one class, the Reserve officers have had to suffer their disabilities without any help at all from the government.

Ex-service men all over the country are interesting themselves in the bill, and it is hoped that local ex-service men and citizens generally will do likewise. A letter to Congressman Thomas W. Phillips, before March 4, or to Congressman J. Howard Swick after that date, urging the passage of House Bill 4548, will help to secure the passage of a piece of needed legislation.

At the present time there are men who served as officers during the World War, who are incapacitated from wounds or disease. Had they been officers of the Regular Army, or officers of the National Army, or of the National Guard they would have been cared for. Because they were officers of the Reserve, they have been overlooked.

Scotland Votes, But Dry Issue Is Unchanged

(International News Service)

GLASGOW, Jan. 27. — Completion of the polling in Scotland on the prohibition leaves the "wets" and the "drys" in much the same position as before.

If the licensing justices consent —and this consent is unlikely in some districts—the "wets" will have seventeen saloon licenses restored to them, but the "dry" have balanced the scales by extinguishing twenty-eight licenses through limitation being adopted in three new areas and further limitation in four others.

The polls indicate that temperance polling is not looked upon with favor by many sections of the population in Scotland. In Glasgow, for instance, the percentage of electors was around 40, while the highest poll recorded was about 68 percent.

HOTEL BUILDING PROJECT ABANDONED

Grandmother Knew

there was nothing so good for congestion and colds as mustard. But the old-fashioned mustard plaster burned and blistered.

Musterole gives the relief and help that mustard plasters gave, without the plaster and without the blister.

It is a clean, white ointment, made with oil of mustard. Gently rub it in. See how quickly the pain disappears.

Try Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it may prevent pneumonia).

Fair Convention Nominates 1927 Officer's List

Word was received today from the meeting of the Pennsylvania State Association of County Fairs, being held in the Fort Pitt Hotel, Pittsburgh, where R. R. McGeorge, J. L. Burton and Miss Kathryn L. Klee of the New Castle Fair Association, are attending, that nomination of officers and members of the executive committee took place late yesterday.

The following were nominated: President, Harry White, Indiana; vice presidents, S. B. Russell, Lewistown; John J. Koebert, Waynesburg; secretary-treasurer, J. F. Seldomridge, Lancaster; executive committee, D. J. Fike, Meyersdale; N. L. Strong, Brookville; W. A. Boyde, Stoneboro; R. L. Munce, Washington, and M. J. Patterson, Beaver. Election will be held some time in March.

Different legislative bills on county fairs, the main one being the authorizing of a state appropriation of $1,500 for all county fairs, were discussed at the morning session yesterday. Mayor Charles H. Kline; W. A. Marker of Van Wert, Ohio; H. W. Temple of Washington, Pa., and W. C. Gocher were speakers.

Library Asks For Old Directory

If any one has a copy of the New Castle directory for 1924-25 which he does not need, he will render a real service by giving it to the public library. The library uses these superceded directories to exchange with the libraries in other cities. In this manner directories of Boston, Cincinnati, Cleveland, Des Moines, Memphis, Milwaukee, Newark, New Haven, Pittsburgh, Richmond, St. Louis, Seattle, Spokane have been acquired.

If any one has a directory of any other city he is not using, it would also be appreciated.

If you have such a directory, telephone the library, 2102, and your book will be called for.

Woman Is Killed By Fall On Stairs

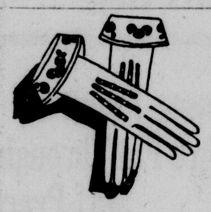

WOODLAWN, Pa., Jan. 27.—Mrs. Blanche Elizabeth Crane, 56 widow of Walter Crane of South Heights lost her life as a result of falling down steps and landing on the back of her head. She was unconscious when found lying at the foot of steps in the rear of the McCoy restaurant by J. W. Shaffer, Pittsburgh and Lake Erie station agent. She died before aid could be summoned.

HAVE YOU A 4 OR 10 HOUR STOMACH?

Food often remains in the stomach ten hours, when it should pass into the intestines in four—if digestion is vigorous. But many people have a ten-hour stomach —because bowels are full of poisonous wastes. System poisoning—Toxaemia, doctors call it, often sets in. Then a string of disorders follow — rheumatism, stomach troubles—most any common malady. To avoid dangerous Toxaemia — simply take Partola, put up in pleasant, antiseptic mint-flavored laxative tablets. Any good druggist sells regular box 30c, double size 50c.

Vienna Bakeries Forced To Close

(International News Service)

VIENNA, Jan. 27.—Several bakeries in the vicinity of Vienna have been compelled to close down owing to the great reduction in the consumption of bread and pastry.

No fewer than 200,000 women and girls in the city are stated to have left off eating bread in order to keep slim; some have so starved themselves that they are seriously ill.

The new fashion is all the more remarkable because before the war a certain amount of plumpness in a woman was considered desirable.

OIL CATCHING FIRE AS LAMP IS FILLED SEARS WOMAN'S BODY

GREENSBURG, Pa., Jan. 27—Mrs. Dewey Bertram, 19, of Trauger, near her is in the Mt. Pleasant Memorial hospital as a result of burns suffered when her clothing ignited at an open stove in her home. Mrs. Bertram had filled an oil lamp and some of the fluid spilled on her clothing. Her body was seared.

The first fish-net factory in Canada has begun operations at Fort William, Ont.
